Dear Peter

07/18/0514/F - Cheshunt Sports Village - Representations in Support

As you are aware, we are instructed by the applicants in relation to the above application. Enclosed with this letter are copies of a substantial number of representations (including letters and e-mails from local residents in support and a petition). These documents are not new and have previously been submitted to the Council in support of the planning application relating to Cheshunt Sports Village.

We present them here again because of the delay in determining the application. These representations continue to represent a significant material consideration in support of the proposals. The applicants wish is to reiterate the weight of support for the application. We would request that this support and the reasons for support are referenced in the Officer's addendum report and verbally communicated to members at committee.

In particular, it is relevant that there are a total of 121 letters and emails of support along with a petition with 413 signatories.

Given the strength of this support, it is important that Members are aware of this strength of this material consideration. It is the applicants' submission that this strong support stems from Cheshunt Football Club's strong roots in the community. Importantly the wide-ranging support has come from across the community, including support from local residents (including Montayne Road), local sports clubs, local community groups, local schools such as St. Mary's School, local businesses, and governing bodies such as the Herts FA and Herts Chamber of Commerce.

A summary of the supporting comments is set out here. There is a clear picture that in the eyes of the local residents the proposals constitute:

- An imaginative, vibrant and attractive scheme that meets many local objectives including providing sports and community facilities, housing and employment;

The Paragon • Counterslip • Bristol • BS1 6BX • Tel: 0117 930 9500 • Fax: 0117 929 3369 • DX: 7895 Bristol
Email: solicitors@thrings.com • www.thrings.com Also in Bath, London, Romsey and Swindon

Thrings is the trading style of Thrings LLP, a limited liability partnership registered under No.OC342744 in England and Wales, authorised and regulated by the Solicitors Regulation Authority. A list of partners (members of Thrings LLP, or employee or consultant with equivalent standing and qualifications) is available at its registered office: 6 Drakes Meadow, Penny Lane, Swindon SN3 3LL.

- Will provide new sports and community facilities to help address existing deficits and meet the anticipated growth in the population over the next 10-15 years.
- Will create a community-sporting hub, accessible for local clubs, schools and community groups for education, training and competition.
- Safeguard the future of Cheshunt Football Club through new improved facilities, sustainable income and larger supporter base.
- Support the Club in growing its range of teams and award winning community and education programmes.
- Provide a range of much needed family homes to meet the housing need within the Borough.
- Attract local businesses, encourage an entrepreneurial culture and to stimulate the local economy through inward investment, job creation and increased secondary spend.
- Encourage more people to maintain a healthy lifestyle, to combat the high levels of obesity in the borough and improve the social and economic wellbeing of the local community.
- Enrich the sporting provision for the local area that would only serve to benefit young people in the local community now and for future generations.
- Contribute to a reduction in anti-social behaviours and the positive improvement of health and life chances for our local community.
- Sustainable location which means the local community, and in particular young people, can be independent in their travel to the scheme using public transport links
- Regenerate an underutilised, previously developed site of low ecological value.
- Have a positive impact on sport, recreation, health and living standards in and around the local area.
- Enhance Broxbourne as a place to help improve richness of life, wellbeing and achievement.
- Be the starting point and catalyst for further investment in and around Waltham Cross

We would be grateful if you could place this information on the public record in connection with the current planning application, and relay this information to members to assist with their determination.

If there are any questions arising from this, please don't hesitate to ask.

Yours sincerely

Frederick Quartermain

Subject: Support for Cheshunt Sports Village

Dear Peter

Re: Application in Support of Cheshunt Sports Village.

My name is Tony Madden and I live at 29 Montayne Road EN8 8LS which is local to the current site of Cheshunt Football Stadium.

Having seen the plans for the development of the sports village I would like to extend my support for the project.

I am enthusiastic about the potential this brings to the area. It shows improvement for the local infrastructure that is long overdue.

Obviously not all will see the benefits of the scheme but with negotiations and agreements on key issues I can see the site offering a social and sporting investment in the area that is long overdue.

Indeed I would envisage it being a potential catalyst that encourages more to consider investment that is based on the development of essential housing and improving local facilities for the whole community.

Yours Sincerely

Tony Madden

Dear Mr Quaille

I am writing on behalf of the governors of St Mary's CE High School in support of the proposal for the development of Cheshunt Sports Village.

St Mary's CE High School works in close partnership with Cheshunt Football Club and they have always been very positive in their support of local youth and the encouragement of their participation in sporting activities through the shared use of their facilities. The facilities that they have constructed to date and to which we have access, are of a very high quality. Our students and staff are benefiting already from a teaching resource that supports a high quality learning experience for our students. Any extension of these facilities to include other facilities that would enrich the sporting provision for the local area would only serve to benefit our young people in the school and the local community. Cheshunt Football Club have stated their intention and willingness to continue to support us, (and other local schools), in our use of their facilities and this is something to which we look forward to in the future. Our students inform us that young people are very keen to see more sports facilities in the local area and that one of the facilities that they appreciate most incorporates the game of football.

St Mary's is an advocate of Healthy Lifestyles and leads on the GP and Broxbourne Council funded Healthy Lifestyles Project that supports young people across Broxbourne to improve the way that they live their lives and this includes increasing participation in physical activity for which access to high quality facilities is paramount.

In addition, St Mary's school values providing curriculum and enrichment opportunities to support personal development alongside academic achievement. In order to do this to the very best of our ability, we need high quality facilities in the local community to which we can take our students and to which we can signpost them. The same sporting facilities are still a journey away from the Cheshunt area and so the location of these facilities in Cheshunt supports the very local community and will promote sporting participation directly. The ease of access to Cheshunt Sports Village will mean that the local community and in particular young people, can be independent in their travel to the Sporting Village using public transport links. The Sports Village will provide an excellent social and sporting hub for local young people and adults whilst promoting sport and healthy lifestyles. This undoubtedly will contribute to a reduction in anti-social behaviours and the positive improvement of health and life chances for our local community.

The linking of housing provision with an innovative Sporting Village concept makes Broxbourne and in particular Cheshunt, an attractive location for people to consider for their housing and employment. These outcomes align with so many of Broxbourne's strategic and community targets that make the case for the development of Cheshunt Sporting Village very strong

In summary we would like to express our strongest support for the proposed development of Cheshunt Sports Village and have every confidence that the proposed plans would be an asset to the local area and serve to drive up quality of opportunity and resultant outcomes for the local community.

Subject: Cheshunt Sports Village planning reference 07/16/1369/F

Dear Sir,

May I take a moment of your day to register my support for the proposed development at Cheshunt FC. I have been a resident in the area for eighteen years, living in Northfield Road EN8, a ten minute walk from Cheshunt FC.

I have studied the proposal, Dean Williamson's ideas and vision. This is the most joined up, and well thought out proposal of building work I have seen in years, and I look forward to seeing it take shape.

From a community perspective, in my opinion the Waltham Cross area will really benefit from there being a hub, where multiple activities are available on a sporting theme, the proposal attracts local businesses to be part of the regeneration, has the potential to create local jobs for local people and provides a community focussed approach not competing directly with the Laura Trott Centre or the White Water Centre but potentially complementing & adding to the facilities the area can claim. Local people can spend local money with local business, how often do we find ourselves spending our recreational cash in someone else's borough?

My son progressed through the youth teams at Cheshunt, and both he & I volunteer at the club, to show our support not only of our local team, but the forward thinking Cheshunt Sports & Leisure have brought to the area. I can remember when Cheshunt FC were the poor relation compared with Enfield, Ware, Harlow, Potters Bar and they weren't shy in telling us so. Those clubs now see Cheshunt FC as a peer, and are wary of the future potential.

The facilities were a struggle, and the community spirit pulled the club through some dark times, I am convinced that same community will be proud of new development & make full use of it. The time, sacrifice & financial investment to date of Cheshunt Sports & Leisure, and the professional approach now being applied by its Directors, is putting the area on the map, and attracting welcome attention to the club & area. To see film crews using the facilities that exist today, local kids watching AC Fiorentina train, their heroes the F2 Freestylers filming, and the hire facilities being fully booked are such wonderful successes for local people to share, and the proposal provides so much more opportunity for the area.

Of course, a development of this nature is big business & I for one was initially sceptical of new ownership, however I can truly claim to be fully supportive of this proposal, because I have seen the development of Cheshunt FC over the last five years and been fortunate enough to be both involved and benefit from the progress. Everything the Chairman stated he wanted to happen has been delivered, and delivered on time. It has been worked in conjunction with the local community,

many of whom I have worked alongside to realise the improvements we see today. None of this would have happened without the vision & commitment of Cheshunt Sports & Leisure. I regularly use the social & sporting facilities, and it has actually grown its community feel from just the football associated element to a much wider range already. I have coached on the excellent 3G facility & found myself running sessions next to the local rugby club, other local youth football clubs and of course the SOEH teams for adults with learning difficulties. As a parent who has managed a child with autism to adult hood and with a wife who works with special needs children in the borough, it is so refreshing to see the social acceptance and integration of the adults with these challenges into the sporting community. The Chairman has always insisted on the tag One Club, One Community and certainly sets an example for others. The proposal to develop into Cheshunt Sports Village can only provide further opportunity for all of our local communities to integrate further.

I have considered 3 areas personally important to me when reviewing these proposals, I recognise the need for housing in the borough, and I recognise the need for local long term work opportunities,

I grew up in a very rural environment surrounded by unspoilt countryside as a result I have a love of nature & green open space

I have always enjoyed participation & support multiple sports

For me, the Cheshunt Sports Village proposals meet all of my personal criteria

Housing can be developed on land that is already considered developed, it is also close enough to local facilities to walk, and enables the council to reduce the amount of truly green belt land they may have had to consider.

The development is long term, will provide local jobs both during & after development. It is permanent, providing the borough I live in with facilities & opportunities to be used & be proud of. The borough has reduced open space playing fields and school fields in recent times, this development secures both grass & artificial surface facilities that are actually cared for to a high standard at no cost to the council but available to all.

I look forward to continuing to both use & promote the facilities in my community, and would respectfully request you and your colleagues can support the proposals at Cheshunt FC.

Yours Sincerely

Howard Bailey

Subject: Support for Cheshunt Sports Village

Hi Peter I am the youth secretary and have been since 2006. I was secretary under several Pryor chairman that ran our club extremely poorly with disregard for the infrastructure or for payment of our creditors. Running the club into the ground to a state of dereliction and near bankruptcy. I personally asked Lee Williamson to help our club. Since that day we as a club have only ever improved year on year. Both on and off the pitch from our youth to the first team. We as a youth section have gone from 125 players to a total of 280 players last year in the time I have been secretary, and once our second phase of pitches are completed we will be able to grow further. This at a time when general overall numbers of kids taking up football is decreasing. I put this down to our stewardship, vast improvement of the facility and sense of community now at Cheshunt FC under the Williamsons leadership. With these plans the club and community will gain a stadium, housing, business opportunities and sports hub. This I see as a win win plan for both club and community.

Yours sincerely Gary Allen youth secretary

Sent from my iPhone

Dear Mr Quaile,

I write with the reference to the application submitted by Cheshunt Football Club in relation to the proposed Cheshunt Sports Village.

I would like to record my support for the application, not only as a former 1st team manager and current committee member of the football club, but more importantly, as resident of Cheshunt for the past 30 years.

I have been involved in youth and senior football in Hertfordshire for over 25 years, all of which on a voluntary and unpaid basis. During this time I have had the pleasure of coaching, developing and encouraging local people within a sports environment with a view to giving them a sense of community values, team spirit and more importantly, to encourage young people to maintain a healthy lifestyle. It has given me great satisfaction to see children I have encountered during that time developing into adulthood and who continue to be part of the same sporting environment through their own children.

In my time at Cheshunt Football Club I have never ceased to be amazed by the so many unsung heroes and their extraordinary commitment in giving their valuable time and effort to ensure the wonderful facilities at the football club are available for the use by the local community, both young and old.

The club caters for children from as young as 4yrs of age through to adult football which will always give local players the opportunity to progress into the senior leagues. The club is also home to the Special Olympics East Herts Team who play in the Herts FA Inclusive League and more recently has become the home to the successful Tottenham Hotspur FC Ladies 1st Team. This ensures that football is available to ALL who wish to participate.

The plans for the Cheshunt Sports Village will ensure this valuable commitment to the Cheshunt and all Borough of Broxbourne residents will not only continue but will develop on a larger scale in providing a focal point for the local community.

In addition to the vastly important sports facilities the project will provide much needed affordable housing in the area with the plan to provide residential homes to meet local needs. I have adult sons who have grown up in the area and have witnessed firsthand how difficult it is for the young people of our borough to find affordable housing. This has meant many of our young adults having to move away from the area. By offering these homes this will hopefully enable the younger residents of Broxbourne to remain within the borough thus enhancing the growth of our community from within.

The Sports Village will also offer much needed input to local business with the provision of business facilities available to the local community, which in turn, can only help with employment opportunities for local residents. Along with the sports and

business opportunities the project will also provide a community focal point with the inclusion of cafes, bars, hospitality suites and a number of other activities being made available to local residents. This would certainly develop a sense of belonging and community spirit which would encompass business, social and leisure activities.

You only have to look at the example recently set by Non League Sutton United, who up until the year 2000, like Cheshunt FC, were a member of the Isthmian Football League. Their progression as a club has clearly boosted their local area in many ways whilst highlighting and encouraging the community and making people aware that grassroots football is available to all who wish to participate on every level.

This is a major project which is being undertaken and supported by everyone at Cheshunt Football Club and can only provide this area with the opportunity to grow in so many different ways. I personally feel it is an exciting project which can only be beneficial to the entire Borough of Broxbourne and other local areas which is why I strongly support this application.

Yours in Sport

Dear Peter, I am writing in support of the development of Cheshunt Sports Village. I have read through the application several times and believe it would be a valuable resource of sports facilities, small business opportunities and housing which is always needed in an ever growing population.

I am senior manager of 4 residential homes for young adults with learning disabilities, Autism and associated mental health. I struggled for years to find sporting opportunities for our clients. Cheshunt FC was a door we knocked on 10 years ago. They kindly allowed us to practise football, general fitness on their grass pitches. As time has progressed we now have 3 teams in the Herts disability league. One Special Olympic team and 2 pan disability teams. The support that we received and more importantly the welcome we received has been a real positive for our clients and their friends. During this period we have also become close followers of the Cheshunt team, attending their matches every week and travelling by car or in the coach to away games. I lived in Ponders End in 60s/70s, visited my cousins in Cheshunt most weekends to go to Cheshunt Park and Grundy Park. I eventually moved to Cheshunt. During that time I always felt that Cheshunt needed more sports facilities as I travelled to Wodson Park, John Warner and Frederick knight in Tottenham. The opening of the 3G at Cheshunt has already changed our ability to offer training facilities for our teams. (We train Thursday and Sundays).

What is apparent is the commitment both from Dean, the volunteers and staff that are Cheshunt FC. We are proud to be a small part of Cheshunt FC. The proposed development will give sports, housing and business opportunities for Cheshunt residents and in time a venue for Cheshunt to be proud of. I always hoped that one day there will be a river of yellow scarfs and hats walking towards Cheshunt FC to support their local team.
Many thanks Maria Walker

Dear Mr Quaile

As a mother of a 15 year old boy living in cheshunt. This would make such a big difference to the children in this area. It's an amazing opportunity for the whole community. My son has played football in the area since he was 5 it would be lovely for my two grandsons to grow up in an area that they had a place to go and enjoy all that it has to offer.

Kind regards
Lorraine dorling

Hi Peter

Thought that I would drop you a quick email in support of the proposal for Cheshunt Sports Village. I believe that schemes like this are vital for local communities to thrive and goes a long way towards tackling childhood obesity. With children, in general, not playing out with their friends organised sports clubs become invaluable.

As a mother of 2 football mad teenage boys I feel that this proposal is a fantastic idea and great for the whole borough and hopefully will give our children something constructive to do.

Many thanks Mrs Amanda Smith resident of cunningham road Cheshunt

Dear Sir,

I am writing to you to express my support for the Cheshunt Sports Village proposed by Cheshunt FC and its Chairman Mr D Williamson. Having looked at the proposal I am really excited and thrilled about the prospect of the sports village for several reasons.

I believe that Cheshunt Football Club is already an important hub of the local community for so many people but none more important than the young boys and girls who come to the club to play football. The amount of children joining Cheshunt Football Club is increasing season by season and this development will provide the local youth with fantastic facilities not only for football but for other sports and leisure activities for many years to come.

The fact that it will bring needed housing to the area is obviously a massive boost, the designs are modern and in my opinion will blend into the local area without any aesthetic impact. I hope that the council will support the club and back its application for this brilliant venture and I eagerly await any news.

Yours Sincerely
Mr C Anthony

Good Evening

I've just seen the proposed plans for Cheshunt football club. What great facilities for our children and youths to have to opportunity to use to help keep them off the street, something our area has needed for many years and encourage them to be fit and healthy, it would be great if this could go ahead.

Best Regards

Donna Callahan

Subject: Cheshunt Sports Village

Dear Peter,

I am sending this brief email in support of the application for Cheshunt Sports Village.

I am currently a resident in Cheshunt and a youth manager at the football club. I have been associated with the club for the past 10 years, whilst being a resident for the last 20 years.

First of all I would like to express how things have changed at Cheshunt Football Club. Previously, the club was just happy to exist and although they provided youth football for the residents of the borough the club appeared to be drifting. However, we now have a real sense of enthusiasm at the club but at the heart of all of this is the owners real pride and drive to really give something back to the community they can be proud of. The new facilities already put in place, the 4G and new grass pitches have already benefitted local youth players, from all teams, enormously.

I am convinced that the new sports village facilities will benefit local people significantly, including schools, other local youth clubs and those already at the club, whilst in addition providing much need accommodation to those wanting to live in Cheshunt. This is a chance for the football club and village to become a focal point for the area and to forge a real sense of a community, something everyone can be proud of.

For these reasons myself and my family are whole heartedly behind this development.

Many thanks

Jeff Cross

Paul Fletcher
14 Crossbrook Street
Cheshunt
Herts.
En8 8JG

29th February 2017

To Peter

My name is Paul Fletcher I have been involved with Cheshunt Football club for 25 years, I am a committee member and the football safety officer for the first team on match days. I also train the youth team aged 4-6years on Monday nights and Saturday mornings, all this work in volunteer.

Over the last 4 years I have seen the club go from strength to strength under the new owners, and I can only see it progressing more with the sports village. In the years I have been involved in the club I have seen different owners but none putting the passion and the money back in the club like the chairman and owner that we have now.

The new 4G training pitch has proved a great new asset to the club, offering all year round training to the youth teams as well as the first team. It also serves a great asset to the community with PAN disability team and the Special Olympic team using the pitches and the club grounds.

I feel the new Cheshunt Sports Village can only boost the club and the surrounding area offering new jobs and a new business hub that will actively engage the local and wider community. It also offers stability for the club and gives it more opportunity to give back to the young youth coming through.

Yours sincerely

Mr P Fletcher

Dear Mr Quail,

I'm writing to you in support of the application that Cheshunt football club are submitting to the local council planning department. As I'm sure you are aware that the scheme being proposed would be an excellent opportunity for the younger generations. I myself have lived in Cheshunt since 1965, and involved with Cheshunt football club as a youth team player from the age of 11. Over the years that have passed many people have taken over the reigns of the football club and promised to upgrade the facilities to a better standard, but in reality things have not progressed as they should have done. Since L W developemets took over the running of the football club, things have started to change in a very professional manor. The proposal being planned by the football club will provide many opportunities for sports, business, health and homes. All of these things are desperately needed in the Cheshunt area to fulfill the council's obligations to the local people and beyond. I thank you for taking the time to read my letter of support and hope that the proposals are looked on favourably by our planning department.

Yours sincerely

Neil Harrison

To: Peter Quaile
Subject: Support for Cheshunt Sports Village - 07/16/1369/F

Dear Mr. Quaile,

I am a parent of a member of Cheshunt FC under 15 s.
I have recently become aware of your proposal to create Cheshunt sports village. What an amazing and important addition it would make to the local area. We have already had much success with athletes from the area within the Olympic games and we should be continuing to keep this going.
Sport is vital for the young through to the elderly. The layout and design looks impressive and would create a lot of excitement and all sorts of opportunities for the area. I have personally enjoyed a profession in the football world and will always support more sport for all people.

Yours Sincerely Mr. Ian Culverhouse.

Dear Peter,

I'm just writing a quick e-mail to support Dean Williamson and his plans at Cheshunt FC. Being from the area having grown up in Cheshunt and now a Primary school teacher/PE specialist at both Dewhurst St Marys and Holy Trinity (Just down the road from Cheshunt FC), and also being the treasurer for the local school sports association the WDPSSA. I feel that I am in a unique position to express my support and excitement at what Dean is proposing.

I have had the pleasure of experiencing the excellent facilities at Cheshunt, as we have held several football tournaments through the WDPSSA at Cheshunt FC over the past couple of years. We are now planning to hold all of our tournaments there and looking at organising league games and even group training sessions. We have never had any problems and all the parents and supporters have only ever had great things to say about the venue. As far as booking and organising the tournaments, things couldn't be more professional and easy. Holy Trinity even have their own weekend club that now also use the facilities at Cheshunt. There is also a huge youth section that seems to be growing at Cheshunt and a development like this will only help it to grow and encourage other clubs to do the same.

These plans could really help Cheshunt, as there is no real sporting hub for the local community to get behind. There is a lot of great young talent in Cheshunt and a venue like this could really help to inspire young children into participating, taking up or just becoming involved in sport. Cheshunt has grown and changed so much over the years, that we need something like this that can help bring the community together more.

Working in and with the local Primary and Secondary Schools I see first hand how hard it is becoming to get children engaged in sport. They enjoy doing it at school but then fewer and fewer of them are going home and taking part in out of school clubs. This may be one of the reasons that Broxbourne has one of the highest childhood obesity levels in the country. A development like this will only increase opportunities and interest for children and adults to take part in, watch and experience sport. So as far as I am concerned, anyone who has the ambition to develop a project like this that can only bring positives to the local community has to get my vote.

Yours Sincerley

James Waite

Dear Mr Quaille,

I would like to show my support for the proposed Cheshunt Sports Villiage.

I have spent my childhood at Cheshunt FC with both my older brothers playing for the Youth teams from U10's, with one of them even making the first team squad.

My Dad has also been involved at the club for over 25 years being a Youth football manager and now Chairman of the Youth, which seems to be getting and more successful as we have some great local children with us.

I have seen Dean grow the Club so much in the last few years. I have seen the low points, but where the club is today is amazing. The opportunity to have a Sports Village would be great for the local children and families coming in to our Youth system and hopefully, like my brother, make the senior team.

As the Club has grown it has also offered me the opportunity to work here and i now love my job as Facilities Manager at Cheshunt FC. I have over the years watched the Club grow and I have learnt so much - I hope the new village will create enjoyable jobs for young people and some much needed housing for local families who want to stay in the area.

Thank you for taking the time to read my letter.

Kind regards,

Ria Hicks

21st February 2017

Dear Peter

On behalf of the Hertfordshire Chamber of Commerce, I am writing to confirm my support for this much needed community facility. I believe that the proposed sports village will provide a vibrant hub and in addition support the health and wellbeing of local residents, it will attract local business interest, create local jobs, and provide additional homes, all much needed in Broxbourne.

At a time of so much uncertainty ahead, Government support to projects such as this, will boost confidence to the economy, investment into the provision of state of the art venue, which will enhance the attractiveness of the area, further inward investment and grow operational income in addition to the sporting fixtures, through its meeting and events facility.

I believe the aspirational Cheshunt Sports Village proposed plan is aligned to the strategic objectives of Ambition Broxbourne, and meets with the long terms sustainable goals to enhance Broxbourne as a place to help improve richness of life, wellbeing and achievement, whilst growing the attractiveness of place, and economic growth.

Very best wishes,

Yolanda Rugg
Chief Executive Officer

Good Afternoon Peter,

Just thought I would drop you a line saying how much that not only myself but from all the parents of the children that I currently coach for at Cheshunt FC are behind the Cheshunt Sports Village project. The club is going from strength to strength and I can only see this project not only benefiting the club but the whole community as well, with all the improvements it will give the area for all ages and opportunities with a club playing our national sport at the heart of it.

Best Regards's

Lee Weatherhead

Dear Mr Quail,

As a local resident and supporter of Cheshunt Football Club. I am naturally aware of, and excited by the proposed development of the club into Cheshunt Sports Village.

I feel that both for me personally and Cheshunt in general, that the development would bring massive enhancements to the community. My own grandchildren are active footballers but even for non-players I see this potential development as a community asset that is outstanding.

As a resident of Cheshunt, I am very proud of Cheshunt FC and feel that any improvement, particularly one as ambitious as the planned redevelopment can only help the area, attract more local residents to the club and generally to the proposed new facilities.

I hope you can record my personal support and the support of my family for this development.

Yours sincerely

Subject: Cheshunt Sports Village Development Scheme

Good afternoon Peter,

The Cheshunt sports village development scheme looks impressive.

As a previous youth player at Cheshunt FC I never thought I would see the day that our home town club would get the opportunity to develop to this array of facilities.

The opportunity & facilities this will provide to our youth at grassroots level and the aspirations this will give to many of the children that enter the club will be perfect for their development.

This a scheme that has only ever been a dream to many but seeing the plans we hope this will become a reality in the near future.

This will not only be fantastic for the managers, coaches and players of Cheshunt FC but a chance to provide jobs for many and bring a new energy to the area for many years to come.

Thank you for your time.

Subject: 07/16/1369/F Cheshunt Sports Village

Dear Peter Quaile,

I am supporting the proposed Cheshunt Sports Village.

I have been involved at grass roots level with local football for many years from player, manager and committee member.

With so many recreational grounds having to be built on for the housing needs and lack of funding for councils to maintain them. It is refreshing to see a football Club and sporting facility being brought into the 21st century.

The proposed development will benefit many other recreational activities beyond football at a time when as a nation we need to encourage the future generations for their health and social gain.

A win win proposal on a site of low ecology value, the borough will benefit from the additional housing, employment and a facility enabling interaction of all ages.

Regards

John

PLANNING REFERENCE 07/16/1369/F.

Dear Mr Quail,

I am writing this letter of support in regards to the Cheshunt Sports Village.

As a passionate sports coach who works in many Schools around Hertfordshire I strongly believe that the Cheshunt Sports Village would have huge benefits on the local community. Not only would it stimulate the local economy, open up new job opportunities and encourage more people to maintain a healthy lifestyle, it will also provide much needed housing within the area. Cheshunt Football Club and Sports Village is also situated in the perfect location where noise would not cause inconvenience to others.

The excellent facilities would also hugely benefit grass roots. Cheshunt Football Club already have an outstanding youth set up and this would only improve this further, potentially resulting in representing Cheshunt Football Club at senior level. A club that has a real ambition in reaching the Football league. Not only all of this but I also believe that Cheshunt Sports Village would bring the community closer together socially.

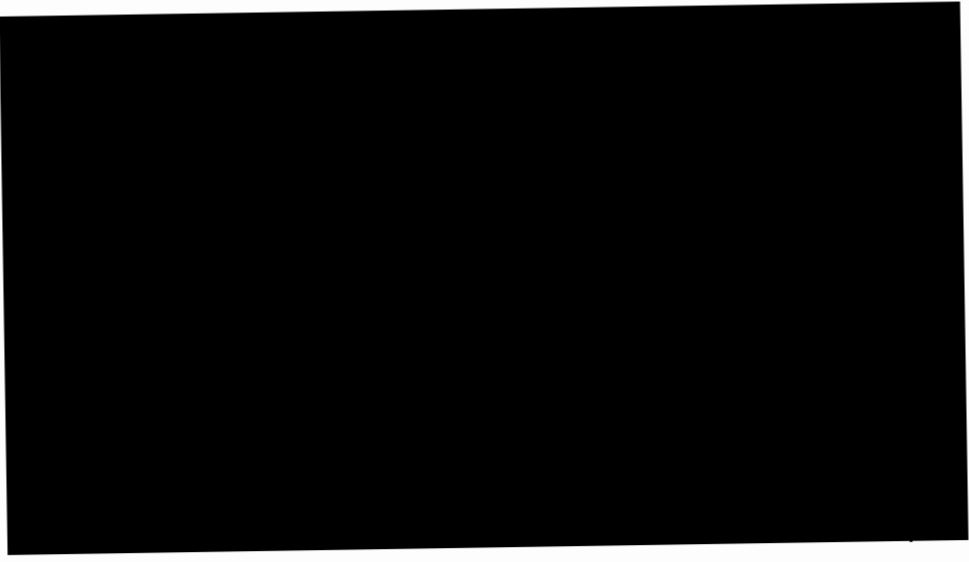

At DJ Sound of Soccer, we are lucky enough to make use of the 3G facility at the club and with these improvements, for example classrooms, we would be able to offer even more to the children of the community. Our healthy lifestyle Project which falls in line with the Governments guidelines on tackling childhood obesity is one of many projects we would be able to offer within the Sports Village.

I hope you take this letter of support into consideration as we at DJ Sound of Soccer strongly back the application and can't wait to be able to offer more to the local community by using Cheshunt Sports Village.

Yours Sincerely,

David Greene and John Megicks

DJ Sound of Soccer

RE: Planning Ref, 07/16/1369/F - Cheshunt sports village.

Dear Mr Quaile,

I write in connection with the above planning application. I have examined the plans and know the site well. I wish to offer my support to the proposal, for the reasons outlined below.

Facilities

As a regular user of Cheshunt FC's excellent 3G football facility, I am aware of the existing layout and facilities that currently exist. It is apparent that the land around the stadium is underutilised and the improvements planned would greatly enhance and improve the current setup. The addition of a gym and an upgrade to the existing changing rooms and planned commercial development would turn Cheshunt FC into a magnificent sporting and community venue for the whole borough of Broxbourne and beyond.

Community benefits

-
As coach of Cheshunt FC's pan disability and Special Olympics football teams, I can personally vouch for the benefits that football has had on our group of players with various intellectual and physical disabilities. Most of the players reside within the borough and compete very successfully at county, national and international tournaments.

From comments received from parents and carers, it is obvious that improved fitness and being part of a team has a very a beneficial effect on the players during their everyday lives. The addition of an onsite Gym would enable us to further enhance their fitness levels and awareness of healthy living and exercise. The uplift in surroundings would also enable us to expand and offer more options to future and existing players.

I cannot thank the club enough for the welcome and help provided to all of our players and officials since the teams inception, they truly are a part of the community and bend over backwards to help in any way possible.

Aesthetics and design

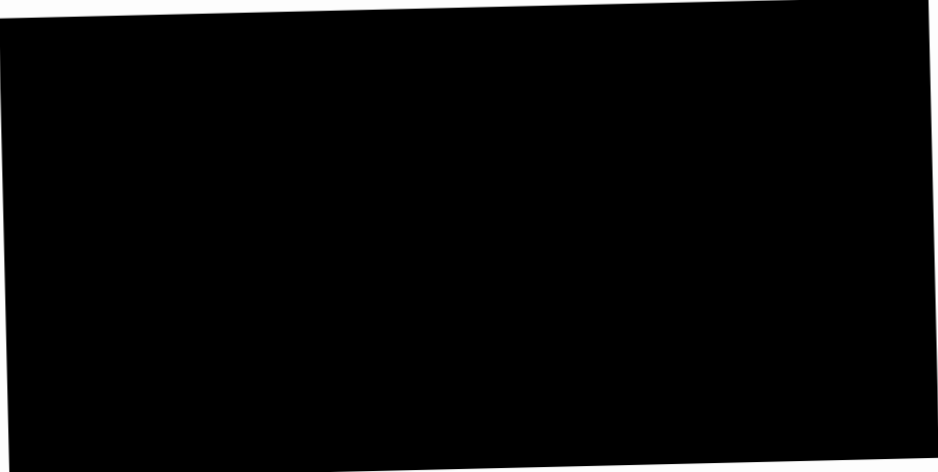

The proposed design and layout would be a vast improvement over the current surroundings, it would also provide much needed housing for the borough. The site is well suited for housing and is very well designed aesthetically.

If the planning committee require any further comment or clarification from myself or would like to visit the disability teams to listen to their views, please do not hesitate to contact me.

Kind regards,

Dave Perry
Senior Coach
Cheshunt Pan disability FC
Cheshunt Special Olympics East Herts FC

Hello Mr Quaile,

I am informed that you have been considering the views of local residents, today being the deadline for acceptance of letters or emails. I hope my own is not too late, as I have taken the time on a Friday evening to write it .

My name is Martin Mulligan. I am a resident of Broxbourne, residing at number 17 Williams Court, Turners Hill, Cheshunt, EN8 9FF. I work for London Underground as an Engineer. I live with my wife, Lorraine, a Student Nurse and our two children, a girl and boy of 11 and 7 years old respectively.

We are working and saving hard, hoping to buy our first home in the next couple of years. We currently live in a 2 bedroom flat, where my children share a bedroom. The time is almost upon us where we would like to give them their own space, and we believe they would benefit greatly from having a bedroom each. We are therefore hoping to buy a 3 bedroom home as our first home, which will have its challenges no doubt.

My wife and I have put down roots here in Cheshunt. My job in London, Lorraine having a job offer at Whitechapel after Uni, our children already in school, the fact that we love the place and the people in it all combine to give us a strong attachment to the area, and we want to stay here. We would be very interested in buying a home here.

I make no secret about being a proud supporter of Cheshunt Football Club and I have been taking my son along to games for almost 2 years now. I now also have the privilege of managing the Under 7's youth team.

When first hearing about Cheshunt Sports Village, I became quite exited both as a fan of the club and as a family man in the situation described above. I have seen the proposals and strongly believe it will be of benefit to the area both in the short and long term.

You have much to consider although I trust you will find the best outcome for the people of Cheshunt.

I would like to convey my humble support for the development of Cheshunt Sports Village.

Yours Sincerely,

Martin Mulligan

Dear Mr Quaile

I would like to confirm my families support for the proposed development at Cheshunt Football Club.
It will provide excellent sporting and health and fitness facilities for ALL residents in the area, promoting a positive family unit.

The proposed planning will supply some of the much needed housing required in the local area.

Finally this proposed attractive village built on waste land will provide additional employment.

This project can only be a positive addition for the local community which I strongly support.

Yours sincerely

Jayne Giroud (local borough resident)

Hello Peter

I would like to lend my support to the proposed plans for Cheshunt Sports Village in Theobalds Lane. The building of much needed homes for a rapidly growing and popular area is important as is a sporting venue the whole area can be proud of. Within the development the cafes, bars, sports and business facilities can benefit the whole community as well as provide more jobs for local people.

Over the years the football club has been in much need of regeneration and in the past few years there has been a vast improvement but this development will take it to a whole new level. Cheshunt Football Club has always given youngsters from the community the chance to play football within the youth set up and this development will surely inspire more youngsters to be more active and play football and make it a fantastic venue for parents and families to meet up. Apart from the youth teams the Special Olympics East Herts also operate a team and they love their match day experience at the football club and are made very welcome.

This is a fantastic opportunity not only for the football club but for the whole area to be put on the map.

Regards

Dear Peter

I am writing to you with regards to the current development proposals at Cheshunt FC. I have been coach at Cheshunt FC for 11 years, I am very excited about the future plans for the development of the club. Already the work carried out to improve the facilities by the current owners have greatly benefited grassroots and the local community. This will only get better with the plans for the new sports village.

I have also lived in Cheshunt for the past 20 years and I know this will help improve the local community. Wherever I go people are always commenting on the improvement at the club and how things have changed for the better. From a personal point of view I am very passionate about grassroots football and I am grateful for the hard work and commitment the owners have put in to improve the new 4G and pitches. I say it again, it has and will continue to improve the whole community and grassroots football at Cheshunt. Also, other clubs and schools around have benefited from using our wonderful facilities and I am sure they will continue to do so. I am very happy to be part of Cheshunt FC and give my 100% backing behind the future development of our club, as do my family and friends.

Yours Sincerely

Dear Peter,

Just a quick email to register my support for the proposal for the Cheshunt Sports Village.

The Proposal would really put Cheshunt on the map and provide a state of the art facility for all types of recreation in the Borough not to mention a vibrant hub for similar like minded businesses. From what I have seen it is very well designed and a lot of thought has been given to what is required yet still being sympathetic to the area.

I particularly like the emphasis being given to sport for young people and as Principal of The Valle Academy, I know only too well how important this kind of facility is and the benefits it brings to an area.

I hope that you can take into account my comments of support for the venture and hopefully I will see it flourish into the exiting place that it promises to be.

Dear Peter

Re: Cheshunt Sports Village

I am writing to offer our support for the planned developments at the Cheshunt Sports Village.

The changes to the pitch to turn it to 3G will provide significant benefits to the Cheshunt FC. There will be far greater training and playing opportunities for the club allowing them to grow and develop in line with the growth of resident population.

A facility like this really can be the heart of the community, helping local people to become involved in their local area.

It is a great opportunity to provide facilities to enable local residents to become or continue with their levels of physical activity and sport so that they can enjoy the benefits that sport and a healthy lifestyle have to offer.

We at Hertfordshire FA, happily support the plans for the facility and Cheshunt FC.

Dear Mr. Quaile,

RE: Proposed Cheshunt Sports Village

I write in support of the above proposed development which will deliver state of the art community sports facilities for residents of the wider Cheshunt area.

Notwithstanding the planning issues, as the County Sports Partnership for Hertfordshire, we view these proposals in a very positive light and would applaud what is essentially a community sports club for its vision, ambition and commitment to addressing key local issues, including the health and wellbeing of local residents.

In our experience, the provision of high quality sports facilities can help raise aspirations and attract and develop talented participants. These in turn help raise standards, and facilitate the growth and traction of local sports development programmes. To have a club within the county's boundary committed to such development is encouraging and I firmly believe that the provision of such facilities will help facilitate progression by the club, through the pyramidal meritocracy that serves football.

Some of our most vibrant, innovative and most highly regarded community outreach programmes are currently delivered by Hertfordshire's professional clubs, including Watford Football Club, Saracens Rugby Club and Stevenage Borough Football Club. If the proposed facilities are forthcoming, and the club progresses in line with its ambitions, we would expect to see a similar community outreach programme emerge, in partnership with the Borough Council, to serve the wider Broxbourne area in due course.

In considering this application, I would urge you to ensure that a commitment to appropriate community use forms part of any planning conditions and, if required, we would be happy to assist you in structuring those arrangements.

I trust this information is of assistance in enabling you to determine the club's application for planning permission, but obviously should you have any further queries whatsoever please do not hesitate to contact me.

Yours sincerely,

John D. O'Callaghan
Partnership Director
Herts Sports & Physical Activity Partnership

Dear Peter,

I am writing this email in reference to my support of the proposed redevelopment of Cheshunt Football Club under planning reference 07/16/1369/F.

As a resident of the Borough of Broxbourne I can only see the positive effect on the overall community the new Cheshunt sports village will have. Being a father to a young son I am excited by the prospect of the proposed village and how much our children will benefit from the facilities and regeneration of the area.

It is schemes like this across the county that are helping to boost local economies and transform areas into vibrant communities and I am in full support of the Cheshunt Football Club proposal.

Yours faithfully,

Hi Peter,

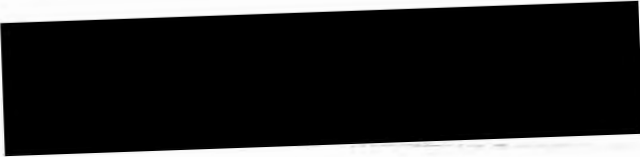

I would like to support the proposal for the build and enhancement of Cheshunt Football Club.

I have seen over the years that firstly, good quality players are coming afar to play at these fantastic facilities we already have here at Cheshunt but to enhance these facilities and create what is being proposed for me, will definitely put Cheshunt on the map in both a sporting venue and an area to live in and with accommodation always at a premium, this landscaped beautiful area to be built will enhance Cheshunt as a town.

So please accept this as my support for a great and exciting venture to Cheshunt as a whole.

Kindest regards,

NICK CASALI
Manager of Cheshunt Youth U15'

Hi Peter

As the ex-chairman of Active Broxbourne (Community Sports Network) and publisher of the successful 'everyone's a WINNER sports magazine' from 2003-2015, I would like to express my positive views for the development of the Cheshunt Sports Village.

With extensive knowledge of the previous 35 years of the club and the many memories of playing cup finals myself on the ground, the positivity and drive that Dean Williamson and team have for this project are testimony to the views of the real sports fans in the community. With derelict and waste ground in several parts of our borough only being used to house rats and fly-tipping remnants, the Cheshunt Village is a remarkable project that will see giant steps being made in the education of how sport can be respected and integrated to modern day society.

After reading the plans and vision for this venture I have ascertained that this is a development for the people instead of greedy businessmen from the city looking to embark on an elaborate money making scheme. Of course the benefits for any developer is in the housing market and the fluctuations of profit and loss from house sales, however, I truly believe this project is one that can work in the local community, bring together a generic cross sections of todays multi-cultural society, introduce new people to the sport & Cheshunt FC as a club and finally, offer a place to live with a purpose.

I would urge you to really consider this project as I think it is fantastic example of what every local town should have in this country.

Many thanks for reading this email.

Heineken UK Limited

Subject: Support for Cheshunt Sports Village

Dear Peter,

Please forgive my intrusion to your inbox but I wanted to write to you to register my vote of support for the proposed Cheshunt Sports Village on both a personal and a professional level.

My first involvement with this club was some 12+ years ago and with very limited resource and facilities we all tried to do the best that we could to support the club, the team & the local community. I have many fond memories of taking my then 5 year old son to local games bonding over a Bovril or two. Having played at semi-professional level myself I can appreciate the local community involvement needed to make clubs work at that level and with no guarantees, but on a personal note, the best and most privileged feeling in the world is to watch your son or daughter play a game they truly love and get involved in team sports at the earliest of ages. This however takes a lot of hard work from many people giving up their own time and also for someone to invest in a long term plan to provide on-going facilities to support the local community and sport participation for every level.

I have long since moved on in my professional role & no longer have a direct supplier and client relationship with this club however, my now 17 Year old son plays for Cheshunt & has done so for the past 2 years so I now get to see and enjoy the consumer end of the spectrum. With total objectivity, this is by far the best club that my son has been involved with in terms of team spirit, coaching, parental support & involvement, club interest and education in developing active sport across all ages in line with the on-going development of the facilities. The real step changes came in when Dean Williamson and his team shared their vision and investment programme for the long term benefit of the club to act as a hub for the local community. The diversity of football now available across all ages and genres is

a million miles away from where it was 12 years or so ago and the real family orientated community spirit we see every week is now an absolute pleasure to be part of as a watching parent.

Having been involved in many sporting developments over the years from Leyton Orient's ground re-development to more recently the London Stadium on Queen Elizabeth Olympic Park, it is a real pleasure to witness the before and after scene where major investment into the local community creates a sense of passion, pride and joint ownership amongst the local community. There is a real desire amongst all the parents across all age groups for the on-going development of Cheshunt Sports Village for 2 main reasons. Firstly, we all want the best for our children and to have improved facilities in more comfortable surroundings where the club take an active interest in both you and your children is rare and unique. This is in abundance at this club. A real sense of family orientation for all age groups. As such, we all trust that the owners have the right plans in place for the benefit of the local community, parents and children. Secondly, when we travel around for away games and see other clubs that have little or no investment you can really see a step change in passions and local involvement and as such we feel proud and privileged that we are fortunate enough to local people willing to invest in the local community & facilities for the long term and next generations to come.

I genuinely cannot speak highly enough of Dean and his team in terms of keeping to their promises and supporting from the bottom up at grass roots level from the earliest of age groups. Our children can now enjoy sport 7 days per week with the new 4G pitch which was only a dream 2 years ago.

Kindest Regards
Chris

Dear Mr Quaile,

I am writing to offer my support for the Cheshunt Sports Village.

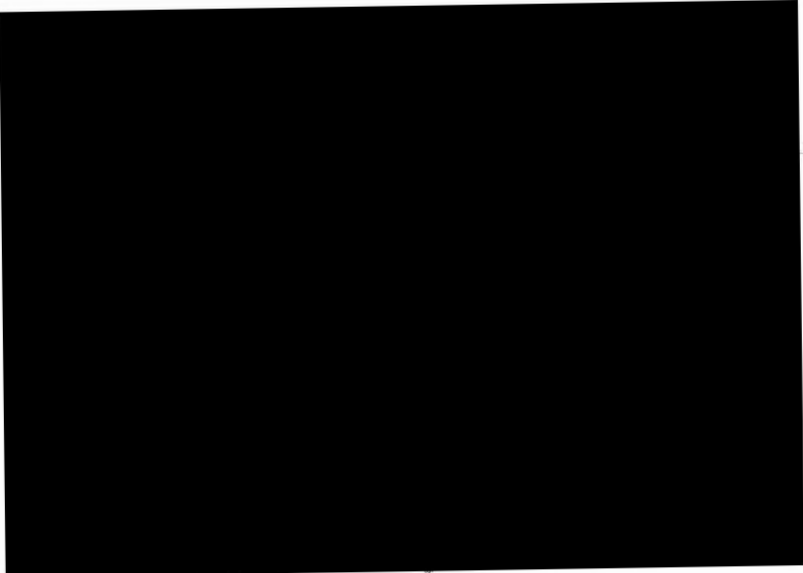

I have been a supporter of Cheshunt FC for over 30 years and have seen the club through good and bad times.

Over the last five years I have seen a lot of good things at the club with a hugely successful youth set up and two very successful disability teams.

There is a great feeling of belonging at the club and a lot of local pride and I think that the proposed development will enhance the area and the community.

Yours sincerely,

Mr Scott Lear.

Subject: 07/16/1369/F Cheshunt Sports Village.

Dear Peter Quaile,

I am supporting the proposed Cheshunt Sports Village Development.

Local history shows that the objection raised by the Campaign to Protect Rural England (CPRE) is not an accurate description of the land, required for the proposed development.

Cheshunt F C laid their pitches on an old gravel pit which has become a rubbish dump until circa 1950.

The land to be developed lies between two major roads, the A10 and Crossbrook Street on which traffic has increased during the last two decades causing ever increasing air pollution.

The proposed development site includes planting of several trees and landscaping to improve air quality, the provision of roof gardens will also assist in the atmospheric improvement.

In reality since the A10 width was increased any green belt quality has already been lost and the planned development will replace some of the the lost photosynthesis as well providing much needed new homes and recreational facilities.

Regards
Richard

Dear Peter,

This short note is to express my support for the recent planning application in relation to Cheshunt Sports Village, Theobalds Lane, Cheshunt, Herts.

In my opinion the application makes a sound case for improving both community facilities, enhancing the environment and providing additional residential property-all of which is welcome in our area.

So why am I taking time to support this application? Well, I have been following Cheshunt Football team (1st Team), attending most home games with my father for a few years now. I would wish to highlight how much I have thoroughly enjoyed the enthusiastic, welcoming approach since the Williamson family took over Club ownership. Prior to their management and investment, the Club was a very different place indeed. The ground has developed from a mostly delapidated or certainly very tired condition to a vibrant, comfortable and pleasant place to spend time and enjoy sport. The ownership clearly demonstrate community focus welcoming all and the many community volunteers/officials at the Club do a fabulous job, this attitude to people comes from the leadership of the owners.

I feel that if the permission is granted for this application, the Williamson family will not let anybody down-far from it, all will benefit-hence my strong support.

Yours

Ian Sutton

I felt it necessary to offer my unequivocal support to this planning application as a father , local resident , business owner and community member . This form of progress for this site will in my opinion both massively improve the area and the amenities it offers and offer a real point of focus for both the young and old in the community . It's rare that this level of opportunity and vision is forthcoming by local business entrepreneurs and will be also a visual improvement to the area . This offers great social and economic benefits and will help this community have a real focus for coming together and helping the wellbeing of all over the next few years . This has my full support.

Kind Regards

Dear Mr. Quaile,

Re: Proposed Redevelopment of Cheshunt Football Club.

Having been a member of the local community and a local business owner for many years, I wished to provide my support for the proposed redevelopment of the Cheshunt Football Club and grounds.

I personally feel that the planned facility and associated housing would be a fantastic boost for the neighbourhood, offering greatly needed homes and new leisure facilities, but also aiding growth for local businesses, creating jobs and developing the local economy.

The location is fantastic for such a development with regard the proximity to the town and accessibility for the community at large.

Finally, with consideration to strains placed upon our local health care facilities, a fresh and exciting resource can only help to encourage people into healthier habits.

I wish you well and sincerely hope that my support, and the support of other community members, aids the decision for this proposal.

Yours faithfully

Good afternoon Peter,

I write to you in reference of the above planning application at Cheshunt Football Club.

I am supportive of this application as being part of the football club for numerous years at grassroots level I have seen first hand how much the club want to support the community at this level. With this in mind I can only see the new facilities being able to improve this further and being a focal point for the area.

With the application itself it will also generate housing which is valuable as ever right now accompanied by local businesses being able to expand/develop within the area as well.

Overall I am really hoping this application is approved as will only benefit the community.

Kind regards,

Josh Cooper

Dear Peter,

Please find attached a supportive statement for Cheshunt Sports Village.

I believe that the proposal for the sports village is a fantastic opportunity for many. It will bring lots of opportunities for growing families, it will develop job possibilities for the youth, I believe it will also bring a wealth of diversion to the wider community and bring them together.

This proposal is a great investment for our future children and I believe it will give more disadvantage children and families an opportunity to develop and progress.

My name is Anna and I am a dance teacher, I currently hire and run my dance sessions for children aged 4-14 years at Cheshunt Football Club. I hope that this investment will bring more opportunity for me to widen my dance company in the future and that this will give the children I teach more opportunities overall.

I hugely support the scheme and hope it goes ahead as I feel it will be beneficial to all.

Kind Regards,

Anna Theo

dear sir,

we are writing to you in respect of Cheshunt Football Club and their application for improvements. We have been attending matches for the past two years and have found the club, it's officials and volunteers both welcoming and professional. We have seen firsthand the facilities given to people of all ages and abilities. The improvements proposed seem to us to be of great benefit to the local area and we support them fully.

yours sincerely.....Peter and Yvonne McCarron.

Flawless Fun

I would like to give my support to the Cheshunt Sports Village application as above. I am supporting this both as a resident and business owner in the health and wellness industry.

It will give the community better and improved facilities and more choice. We are currently very limited for places to go to for sports, health and well-being, and as a business owner we are very limited over available spaces to lease to offer these services. I am currently leasing Broxbourne Business Services and offering Yoga and Pilates to the community. This is a short term lease due to the pending redevelopment of that area and businesses need alternative options to lease affordable space. I found it extremely difficult to find anything suitable in Cheshunt and Broxbourne, once this development is not available the options will be further limited. With Wolsey Hall being replaced by housing, where many yoga classes currently take place as well as other leisure pursuits, the area needs alternative space dedicated to sports, health and wellness and this development gives these options and helps to mitigate these other developments which, whilst resolving some of the socio-economic issues, will deplete the area of facilities for the residents to maintain and improve their health and well-being. With over 70% of residents of Broxbourne being overweight or obese this development will help and support them to find a healthier lifestyle. This development supports the community of Cheshunt and surrounding areas of the Borough of Broxbourne as well as giving on going support to Broxbourne Council to support the work of their health and well-being strategy which is concerned with adult obesity, children's health and the ageing populations which is due to increase 13% by 2020.

Sent: 26 February 2017 10:43
To: Planning Mailbox
Subject: Cheshunt sports village. Planning reference 07/16/1369/F

For the attention of Mr Peter Quaile, Broxbourne planning department.

I am writing to give my support to the planning application 07/16/1369/F for the proposed development at Cheshunt Stadium, Theobalds Lane, Cheshunt - known as 'Cheshunt Sporting Village' - for the following reasons...

1. IMPROVING THE LOCALITY

As a home-owner on Dudley Avenue, only 400 yards from Cheshunt Football Club, any proposals for changes at the site are of great concern to me. I was active amongst fellow residents in opposing proposed plans by Enfield Football Club to take over and build on the site in 1999 as I believed then - and still do - that those plans would have drastically altered the Theobalds locality for the worse, bringing traffic and disruption into the area for no obvious benefit to those of us who lived adjacent to the ground.

These plans are very different. Not only are they providing much needed new facilities for local residents to use and enjoy, they will be provided at no cost to the ratepayer and, of great importance to local home-owners like myself, all the housing being proposed in this scheme are to be privately owned to compliment the existing privately owned housing in the area.

I would say the single biggest concern amongst local residents is that, for want of a better word, a 'council estate' will appear on their doorsteps, massively changing the area almost certainly for the worst and ultimately devaluing their properties.

The beauty of this scheme is that instead of a percentage of the proposed houses being 'affordable', the net benefit to the locality will not be in the form of cheap housing but in community sports, health and community facilities for all to use.

All over Broxbourne small developments of houses and flats are going up, all with a number of affordable housing included yet with no benefits for existing local people to use, such as Doctors surgery's, children's nurseries and youth clubs ever seemingly being included in these schemes. Time after time, new flats are built with their new occupants adding to the numbers using already overloaded local facilities. So I am delighted to see that here we will have a development that will actually give the people of Theobalds something back in return.

2. A DEVELOPER WITH A PERSONAL INTEREST IN THE CLUB

After decades of decay and abuse, the Williamson family took over the running of Cheshunt football Club in 2010. And in those seven years we have seen...

A. The fencing for the entire 24 acre site totally replaced. Before this the site was used as a hang out for local gangs, attracting noise, drinking, vandalism and petty crime to the area. Also parents of youth team players would frequently ignore the clubs car parks, park in Albury Walk and Albury Ride and just walk through the gaps in the old fencing, causing much congestion and annoyance to residents on those streets. All of this has now stopped.

B. The building of state-of-the-art artificial football pitches on the site for the local community to enjoy. To my knowledge, these pitches are well used by local sides - not just Cheshunt Football Clubs own youth teams - and at no expense or risk to local ratepayers.

C. The ground itself, with no significant investment since the early 1970's, has been given a total revamp in the last few years. New floodlighting (which doesn't pollute the sky with light anywhere near as much as the old 60's era floodlights they replaced), pitch perimeter fence, spectator walkways, terrace covers and a new 200 seat stand, have all been installed in the last two years. From the supporters of the club, local people who have endured dreadful spectator facilities for decades, this has been very well received.

D. The two clubhouses on the site have not only been totally rebuilt internally but now a whole host of new organisations make use of them (weight-watchers for example). No previous owners have been so welcoming or have hosted such a diverse range of community organisations through its doors.

The proposed plans show these new community uses for the ground not only continuing but expanding too in bigger and better surroundings. With the loss of the nearby Cheshunt Comrades of the Great War Club and now Wolsey Hall, the need for indoor community space is greater than ever.

The owners have also stated that they are happy to see the council ensure a percentage of the housing sales be ringfenced for the proposed community facilities to reassure residents that they will definitely be built.

I believe the owners of the club, by their actions so far, have shown they can deliver genuine improvements to the areas surroundings and to community facilities so should be allowed to continue this with their proposed Cheshunt Village plan.

3. MODEST SCALE

Looking at the Cheshunt Village plans, I see quite a small scale development. This is a 24 acre site yet only 158 houses and flats are being proposed. Any other development would be looking at many more homes on a site this large but instead the majority of the site is being used for football pitches, its associated car parking and the stadium itself. And looking at the houses and flats, none overlook existing homes due to the angles they are being built at and by the large amount of greenery being planted to shield them from their neighbours.

Much has been said by the owners long-term intent on to have a 5,000 all-seat capacity stadium on the site but how many people realise....

- a. That the current capacity is already 2,500?
- b. That Cheshunt Football Clubs average average attendance is under 200?
- c. That Cheshunt Football Clubs average attendance has been under 200 since the mid 1960's?
- d. That the last time Cheshunt recorded a home attendance of over 1,000 was in 1965? (an Amateur Cup tie v Enfield - attendance 1,200)
- e. That the owners are merely building the ground to have the ABILITY to one day, if needs require, to expand to a capacity of 5,000? (It would be very thoughtless to not allow for future expansion surely?)
- f. That IF one day in the future the capacity was expanded and that larger crowds DID attend games at Theobalds Lane, that the owners have already approached nearby schools to take possible overflow parking? (even though, looking at points a to d, this is a very unlikely possibility).

4. TRAFFIC

With Enfield Football Clubs 1999 plans for Cheshunt Stadium, increased traffic on Theobalds Lane was the main reason for its refusal. I believe this scheme is significantly different...

- a. Enfield's plans would have seen 500+ vehicles arriving on matchdays, all from outside the borough. This scheme is for Cheshunt Football Clubs use and so supporter numbers and matchday traffic would be much the same as today.
- b. The overwhelming bulk of everyday traffic on Theobalds Lane is through traffic travelling between the Great Cambridge Road and Crossbrook Street. most residents accept this as a feature of the street, as shown in a proposal in the early 2000's to make the western end one-way or to block it completely. When asked, a sizeable majority of residents stated they wished the street to remain exactly as it is. I believe traffic generated by the addition of 158 new homes on the Cheshunt Football Club site will be unnoticeable amongst the existing through traffic. I would also say that the addition of the all-weather pitches and the increased usage of the clubhouses in the past two years has made an insignificant difference to traffic on Theobalds Lane so would imagine the proposed new community facilities would have an equally negligible effect.
- c. The Enfield plans made no mention of improvements to nearby public transport but this plan has indicated improvements to the bus stops at Theobalds Grove (the addition of much needed electronic bus departure boards for instance) and the installation of direction signs for the ground at the Crossbrook Street/Theobalds Lane junction.

The owners have also stated they are keen to see improvements made to the narrow western end of Theobalds Lane and agree with the Council that the current 'priority' signs are an unsatisfactory solution. It would be good to see the Club and the Council use this opportunity to tackle (pardon the pun) this stretch of road and see it improved.

To conclude, I believe that this is a great proposal for not only the Football Club but for local residents too - a genuine win-win situation - which I hope Broxbourne planning committee support and approve.

Yours sincerely

James Tuile
23 King Arthur Court
Cheshunt EN8 8EH

Dear Peter Quaile

I write in connection with the above planning application. I have examined the plans and know the site well. I wish to offer my support to the proposal, for the reasons outlined below.

I feel the benefits Cheshunt Football club will bring to local residences by the redevelopment will be beneficial to all who support the club both home and away (of which I am one). This development will also bring economic benefits to Cheshunt and Waltham Cross as a whole and I can see this mirroring the benefits that Lea Valley Water Park has made to our area.

This development will fund the Cheshunt Sports Village which will enable progression for all local children who participate in all sports to get state of the art facilities on their doorsteps. It will be nice to see a Football club in a Town location that children and supporters can get to by foot unlike all other clubs that redevelop the land and banish the clubs to the extreme boundaries of the postcode down a country lane in the middle of nowhere.

Dear Mr Quaille

I am writing in strong support of the Chestnut Sports Village planning application.

I, along with my business partner, have owned and operated an Ofsted Outstanding nursery business in the East Herts & Broxbourne area for almost 24 years and have been a staunch supporter of local services. We have also been looking for quite some time to expand our business in to the Chestnut area. We very much support the proposal for a Sports Village at the site of Cheshunt Football club as it will bring much needed additional nursery services, youth & community services and along with this of course will come additional employment, again much needed in the area.

It has excellent road links via the A10 & M25 and I am sure be a very inclusive and important addition to the Ambition Broxbourne strategies.

If I can be of any further assistance in helping this project to be seen as a positive addition to the local area then please do not hesitate in contacting me.

Yours sincerely

RE: Planning Reference: 07/16/1369/F

Dear Peter,

I have long been a supporter of the work the team behind Cheshunt Football Club do for the local community, especially the SOEH Disability Team and the Youth sections of the club.

I feel that this proposed development will bring new opportunities to the local area and to all current and future members of Cheshunt Football Club.

With the addition of new housing and retail outlets, along with first class training and playing facilities, Cheshunt Football Club and the local area will go from strength to strength.

So, to sum up, I fully support this development and all the positive attributes that Cheshunt Sports Village will bring to the local area and I trust that you and your team will also see this opportunity in a positive light and support this amazing new local facility.

Yours truly

Tony Collis

Dear Peter,

I am writing to you so show my support for the proposed redevelopment of Cheshunt football club creating the Cheshunt sports village. In this letter I will lay down the rationale and reasoning why this development will not only benefit the Football club and those directly involved with it but the wider community and its residents.

Environmentally the new development will not have any significant environmental impacts as the land is already developed and the proposal is to only add to the existing footprint. This means that valuable ecosystems and vulnerable species will not be affected as both green and brown belt land are not being developed to meet the demands of a vibrant and expanding community. This will be re-emphasised by state of the art design and building methods

This proposed development will give Cheshunt football club a 500 seat stadium that is expandable to meet future needs with 29,000 sq ft of club facilities, cafes and hospitality suites that will bring the community together. As well as this there will still be space on the existing site for 186 residential homes and 57,000 sq ft of leisure, business and community space. Partially solving local housing and health issues, taking a small but relevant strain off the governments already stretched budgets.

All this said financially the club will be able to fund and run itself from the extra revenue stream this will create meaning that there will be more opportunities for employment on this site than previously as well as the business spaces attracting young, enthusiastic entrepreneurs to the local community as opposed to them being drawn into central London. This act of deferred gratification by investing in the future will mean the area and football club will experience long term stability as opposed to un-sustainable and unreliable short term small monetary gains.

This initial development could be the catalyst Waltham Cross needed to attract more redevelopment from private and government bodies making the area the go to place for young professionals and families for a better quality of life. Although this is a much smaller scale, this has been proven in places such as Hull in the UK moving from a struggling city to the 2017 UK city of culture, it only took one ground-breaking act of redevelopment to attract millions more pounds worth of investment.

There already is great interest from business owners to provide Nurseries, Gyms, Radio Stations, Offices and many more who are eager to set up business in Waltham Cross. And with the short distance to the M25 links This can only endorse the projects viability and also shows that the project will benefit not only the football club but the local community from day one.

Thank you for taking time to read this letter,

Yours Faithfully,

Richard Lobban

Dear Peter Qualle

I am contacting you to give my full support towards the plans for Cheshunt Sports Village.

The scheme will not only provide homes and housing in the local area it will provide new businesses in the area a platform to start and grow from.

The sporting amenities provided by the development can also provide the community with opportunities to partake in leisure activities they may have been unable to previously. This is already evident now with the new 3G that's been provided.

The new stadium, once completed, will provide a place everyone can support Cheshunt FC, their local club with a bit of pride and put Cheshunt on the map, whilst bringing the community together.

Regards Jason Hobbs.

Part of the Hyperion Insurance Group

Good Morning,

As Head Coach at Turnford Gymnastics Club, I'd like to take the opportunity to drop you a mail to show our support for the Cheshunt Sports Village development that is currently seeking planning permission.

Our Club has been in existence for over 40 years and has in the past had gymnasts compete for Great Britain. Now, due to our restricted training facility and hours at Turnford School, we are unable to provide the number and breadth of classes that we would like to. We have a club of 170 members and a waiting list that is consistently around 200. So, without any advertising, we could double the size of our club.

In order to grow and meet our potential, we need a new facility that we could use for more hours, so providing classes for a wider range of the community - pre-school, adults, disability, cheerleading, specialist teenage classes (getting teenagers into/back into sport), street running and holiday camps. We can also seek to achieve a higher standard for our competitive classes. Currently there are examples of children that live in the Borough of Broxbourne competing for clubs outside the borough or county as a) they can't get a place in our club and b) we aren't able to offer the hours required for regional standard and beyond.

We have tried to re-locate many times previously, but a lack of a suitable facility, or the expense of owning/renting our own facility has meant that this hasn't been achievable.

On discussing our position with Dean at Cheshunt FC, he has been extremely positive about the club having a suitable facility and becoming a member of the hub that is being proposed at the Theobalds Lane site. It would be fantastic to pull a number of sports and services together in order that we share facilities, ideas, vision and create a fantastic community area for participation and achievement.

With worrying obesity and activity levels in the borough (for all ages), an environment that not only supports our club but others too, has to be a massive opportunity that should be supported and progressed.

I really hope this planning application can be approved to make this happen!

Many thanks for your time.

Regards.

Jacqui Wheatley
Head Coach
Turnford Gymnastics Club

TO DARE IS TO DO

To Whom It May Concern,

Tottenham Hotspur Ladies write this letter in full support of the Cheshunt Sports Village application.

The club has been ground sharing at Cheshunt FC since 2015. This has enabled the fan base to grow considerably, due to the passion of those within the area. We have seen growing number of local residents attend our games, with season tickets given to some. This is a new feat for the club and something we are very thankful to Cheshunt FC for.

The club continue to strive towards bigger things and this involves an application to join the Women's Super League (WSL.) A part of this would involve continuing our partnership with Cheshunt. The introduction of cafes and bars will see us provide further functions for local residents. As they have been a key element in the growth of Tottenham Hotspur Ladies, we feel very enthused by the possibility of facilitating these. We also hope that the potential to build 186 new homes would lead to more players being sought from the Cheshunt area.

We as a club feel that the approval of this project will be of benefit to both parties and very much look forward to making this partnership flourish further.

Yours Sincerely

June Clarke
Tottenham Hotspur Ladies FC
General Manager.

Subject: Support for Cheshunt Sports Village - 07/16/1369/F

Dear Mr Quaile,

I hereby write to show my support for the proposed Cheshunt Sports Village.

I would just like to start by declaring that my only interest in the matter is purely as a parent of a boy currently representing both the U17 and midweek U21 sides.

The plans are hugely impressive and I would be surprised if you could find anyone who didn't feel it would enrich the area in terms of appearance, facilities and feel good factor. On top of that I always feel as a nation we are quick to find fault with today's youth without always coming up with viable solutions to get them active and healthy as well as developing pride in their local surroundings which leads to community spirit. I am a huge fan of encouraging 'sport for all standards' where individuals can have fun, minimise health issues and make friends for life. These wonderful new facilities would offer a perfect environment to achieve these goals.

As you can tell my angle is more from the sporting advantages but if this can be achieved in a manner that creates jobs and much needed housing then surely it is a win win situation.

My own experience is of a tremendously run club from top right through to youth with lots of grassroot volunteers who I know would get a massive boost from being part of such exciting and innovative plans.

Yours sincerely

Frank

Hello Peter,

I email you to show my support in the application to develop Cheshunt FC.
I have been a keen sportsman for all of my life and love football supporting Spurs (naturally). The plans for cheshunt FC will provide a top of the range facility for the community to play sport and in particular football. It's an opportunity that can't be missed and is imperative to the improvement of football and the local area.

With the development that is going on in Cheshunt and the ever improving house prices proximity to London it's something that has to happen.

I have been to Cheshunt FC recently and although the ground is small I am sure it could attract a lot of supporters should the development go ahead.

Kind regards

James Griffiths

Dear Peter.

| I currently work at Cheshunt football club as assistant manager to the first team.

| The proposed application for the development of the site at Cheshunt is outstanding, delivering improved facilities not only to grass root football, but for the local youth teams would be amazing. Plus helping the local Borough with additional housing whilst attracting new business to the area would be fantastic.

| I am a huge supporter of this whole scheme and truly see great value to the area.

| Kind regards
Andy Crawford

Dear Mr Quaile

I am writing to you to show my support for the proposed Cheshunt Sports Village.

I truly believe this is a great plan and proposal for the Cheshunt community, as part of the Cheshunt Football Club community already, I can tell you what a fantastic opportunity everyone thinks this will be and how much this will help everyone from all of the youth teams to the first team and even the staff. Adding to our wonderful community would just be fantastic, expanding our facilities so that we can extend our responsibility to the local area is even better.

I believe this is a no brainer more housing, more jobs and helping the local youths just the beginning of the benefits for this proposal. I really hope that my views may help towards the decision ahead.

One Club, One Community.....

Many Thanks

Sara Randall

Hi Peter

The Cheshunt Fc proposal (planning reference [07/16/1369/F.](#)) is without doubt the best thing to happen to Cheshunt and the surrounding area for a long time . This proposal will be great for the local Community jobs, further education for school leavers and football for all in the most unbelievable surrounding, affordable homes. Non league football is all about family
And with the proposed scheme / Football stadium the club will be able to increase their family while working with the schools local business in the community if only every club gave this much back to their community.

This proposal must go through as it will change the face of Cheshunt forever

RE: Panning Reference: 07/16/1369/F

Dear Peter,

I have long been a supporter of the work the team behind Cheshunt Football Club do for the local community, especially the SOEH Disability Team and the Youth sections of the club.

I feel that this proposed development will bring new opportunities to the local area and to all current and future members of Cheshunt Football Club.

With the addition of new housing and retail outlets, along with first class training and playing facilities, Cheshunt Football Club and the local area will go from strength to strength.

So, to sum up, I fully support this development and all the positive attributes that Cheshunt Sports Village will bring to the local area and I trust that you and your team will also see this opportunity in a positive light and support this amazing new local facility.

Yours truly

Subject: Support for Cheshunt Sports Village - 07/16/1369/F

Dear Mr Quaile

I am writing to you with regard to the above project from a position of reasonable expert knowledge as I act as chairman of the Ryman Isthmian League club Heybridge Swifts.

Having visited Cheshunt FC as opposition earlier in the season I was immediately struck by what a well-run and professionally managed club they were, both on the playing and non-playing side. Considering the limited resources currently available to clubs at that level, as a club they were first class and I was immediately interested to hear of their plans for the development of a Sports Village at the site.

In view of the health crisis faced in this country as a result of more sedentary lifestyles and the lack of fresh air and outdoor activities so many people of all ages face, I feel that projects of this type are of vital importance to communities. I see this very much the case within our area where fewer young people are participating in sports when they should really be continuing these at or after school ages. I have also seen at first hand just how well people perform better in their jobs and in their contribution to communities when fitter and more healthy. Healthcare spending is higher than ever in the UK and I can't help thinking that so much of this could be prevented with more healthy lifestyles and routines. Speaking as someone who had a mild heart attack 2 months ago and who has since worked hard on his fitness and diet, I can certainly vouch for the benefit this has given me, perhaps even lifesaving.

Clearly the aims of the Cheshunt Sports Village are to deliver a vibrant leisure, community and business hub that will actively engage the local community and create jobs in the process. By having businesses based on the site also I am pretty sure the employees based there will make good use of the sports facilities and this will inevitably promote further financial investment in sports and leisure on the site. The football club will also be provided with greater financial sustainability at a time when non-league football simply has to maximise the resources available to it, given the almost blanket TV coverage that the professional game unfairly receives.

I would strongly recommend that permission is given for this exciting venture given the huge long term benefits to the health of the local community.

Kind regards

Gary White

For the attention of Mr Peter Quaile,

I am writing in support of the building plans for Cheshunt Sports Village for which I have looked over, and I wish to offer my support to the proposal.

I feel that the new plans will greatly benefit the whole of Cheshunt and the surrounding areas by providing a family orientated hub for the whole community.

Cheshunt is a great development club working with Juniors, academy level and disabilities.

I feel that developing this environment can only benefit the entire community.

Yours Faithfully

Hi Peter,

I believe that the Cheshunt Sports Village will bring great potential within the community. It will help the collaboration of the sports and help bring the community together. I think it's great that there will be more homes available for people and this will help bring people in from outside of Cheshunt, especially when they see the beneficial impact of the changes ahead of us.

Kind regards
James

Sent from my iPhone

Dear Mr Quaile,

I am writing to you to offer a reference in support of the development proposal of Cheshunt Sports Village.

In order to put some context into this reference I feel it appropriate to provide you with some information about myself; I am currently a management consultant but spent a large amount of my adult life a police officer serving both Hertfordshire and London, much of my time was spent investigating serious and organised crime. I have since taken up roles within the Football Association and World Rugby and have seen first hand the cross over between sport and positive community impact.

As a result of my professional life I have been able to identify some of the issues that affect anti social behaviour and criminal actions within local communities. One of the biggest contributors to anti social behaviour which often leads to more serious criminal offences being committed is a lack of opportunities and within local communities for young people to in effect stay off the streets and engage in organised activities. This is why projects such as this offer so much more than just a football pitch.

The positive impact that other projects have had such as the Telford Stadium and sports complex has affected the community in such a way that village becomes the hub, it provides affordable housing, jobs and so much more besides that creates a better place for all local people.

I have taken the time to sit down with Mr Williamson to fully understand his mission and have found him to be eloquent and understanding of all aspects of this project in which I have to commend him for getting it to the stage that he has. Sadly with all projects of this size there will be some that feel that it has affected their lives in a negative way but I would suggest the positive impact it has when completed will far outweigh this.

Please do not hesitate to contact me if you wish to explore my opinion further.

Kind Regards,

Ian Ryder.

Sent from Mail for Windows 10

Dear Mr Quaile

I write to you today in support of the planning application referenced above

We have worked as a supplier to Cheshunt FC for many years now, and have spoken many, many times at length on the **desires of the Club to be at the heart of the community**. You can see this already from existing sports facilities and links with professional sports Clubs and educational establishments.

This is not one of the modern non-league football club fads with a chairman bank rolling the playing squad for a short term gain of promoting the team up the football pyramid structure to the highest level it can, regardless of cost, just for the pride of how high they got, and a hobby of a bored millionaire

The plans they are presenting here, form not only a sustainable model for the growth of the football club from grassroots upwards to the top level, but also opportunities for the creation of employment, retail, exercise and affordable housing. A new area of Cheshunt to be proud of and the whole town to embrace

In my own local area of Cambridge, I am sick of reading of the NIMBY residents and councillors voting against a new Community Stadium and sports facilities proposal. I am sick of any new property developments being snapped up by foreign ownership, for extortionate Buy to Let reasons. Indeed, you can't fail to read in the media that within the M25, young families and individuals are being driven out by property prices for substandard housing, and leaving it impossible for first time buyers to continue their lives where they grew up

This is a fantastic LOCAL development, by local people, who want the very best for their own. Facilities to be proud of, local people to be proud of, and an area where young people can get on the property ladder and keep active.

Thank you for your time. Please make this happen

Regards

Dear Mr Quaile

On behalf of the Ryman Football League I would like to support the planning application recently submitted for Cheshunt Sports Village. I understand that you are the Planning Officer.

I am sorry that this may arrive one working day after the deadline but unfortunately I was heavily involved in football matters last week and was not able to give my attention to this.

However I have been closely involved with the Ryman League for over 30 years and have been able to see the development of Cheshunt FC in recent years, particularly since the involvement of Lee and Dean Williamson.

The Club is one which the Ryman League is extremely proud to have in membership and we believe that the plans submitted are very important for the development of Non-League football in and around the Cheshunt area.

We will once again be holding our Women's Cup Final at Cheshunt FC this season and Tottenham Hotspur Ladies will take on Charlton Athletic Women in a repeat of last years' final when we had a tremendous crowd which just goes to show that the existing facilities are used to demonstrate the inclusivity of football at community level and I know that the Club is committed to developing this in the future.

I hope therefore that your Planning Committee will be able to grant the permission requested by the Club at this time.

Kind regards

Nick Robinson

Dear Peter

I am writing to express our clubs support for the excellent project being undertaken by our friends at Cheshunt Football Club.

Although we are a rival club that competes in the same league as Cheshunt we believe that the project is beneficial to everyone involved in sport, in particular, football. We will visit Cheshunt at least once a season and use the facilities provided. Everyone from our club, including supporters, will benefit and appreciate the new stadium and will hopefully have more reason to remember their trip to Hertfordshire with this state of the art planned facility.

Without a doubt it will serve the sporting people of Cheshunt extremely well and provide much needed housing also.

I hope the club is successful with its application and that many hundreds of local people as well as visitors like ourselves will enjoy the proposed project.

Yours faithfully
Terry Doherty
Chairman
Brightlingsea Regent FC.

Subject: Cheshunt Sports Village - Message of Support

Good afternoon Peter,

I am writing to you in reference to the **proposed; Cheshunt Sports Village.**

Firstly, it will come as no surprise to you that that the scheme is, and should be, receiving a great amount of support owing to the fact that it will create a better sporting environment for the Cheshunt community to enjoy.

Secondly, not only will the development of the complex create jobs and homes as well as a significant buzz in the surrounding boroughs, but the finished Sports Village will provide top of the range facilities for sports teams, businesses and families to use at their disposal.

The complex will be utilised by:

- Individuals looking for a healthier lifestyle.
- All levels of Sportsmen & women, including those with a disability.
- Those who are looking for a team to become part of.
- Businesses/Individuals looking to use the complex as a function hub.
- Businesses to become affiliated with Cheshunt FC in promoting commodities in the local area.

The homes that the development will provide will certainly be in high demand due to the proximity of links into London via the A10, as well as the M25. Looking at the plans, the environmental impact looks to be minimal as the land has previously been used for development, therefore would not be diminishing Cheshunt's 'Greenfield' sites.

As someone who is already affiliated with the club, I am excited to see what direction the club is heading in, and I would offer nothing but support for development that is so positive to all stakeholders.

Indeed, I am looking to start a family within the next year and the Cheshunt FC complex is certainly somewhere I could bring my young family to not just develop sporting ability, but also become part of a growing Community Club that has so much potential to become the next 'Big Club' in the North London area.

I am hoping that you support the planning application as it deserves to be supported.

Dear Mr Quaille,

We write with reference to the planning application submitted for the above.

As a supporter and sponsor of Cheshunt Football Club, we have been impressed with the continued improvements of the Football Club by the management team. The application for the Cheshunt Sports Village is well thought out and continues the club's development with a continued emphasis on uses that benefit the community as a whole. The inclusion of Housing and Commercial development should provide the financial income required to complete the scheme in its entirety.

Because of this, we support the proposal set out in the planning application.

Yours sincerely,

PLANNING APPLICATION BY CHESHUNT FC-

Ref: 07/16/13969/F

As a fellow Hertfordshire Community Club, similar to Cheshunt FC, I would like to lend the support of my Club to this application. Well run Clubs like Cheshunt FC are the future for creating a local hub for sports, health advancement and other activities programmes and the provision of modern community facilities, for use by all.

3G pitches are the way forward. Not only has football and the sporting authorities accepted it, they are promoting their own 3G hubs around the country. This scheme will allow maximum usage, by schools, the community, as well as the Club. No-one wants to use wet, muddy grass pitches, in old facilities anymore, and these surfaces will improve the usage by local clubs and assist cash strapped council budgets.

I believe we local Clubs offer so much to our local Communities. As football is the national sport, when Cheshunt FC do well, everyone locally feels proud. But Cheshunt FC run so many Youth Teams and this can only increase. It is not just those who participate that benefit, but those who like to volunteer and watch the activities and for health reasons, it is essential we get old and young 'out of the house'.

Clubs though must be allowed to progress and those with the better facilities usually do. But a well run scheme has to have income generation, as too many Clubs cannot survive with just match day income.

I therefore welcome this initiative.

Kind regards

Peter

Dear Mr Quaille,

I write to you in support of the proposed development of Cheshunt Sports Village. Having already had the pleasure of using the 3G astroturf in place at the site, it has enabled The FA to provide a better quality of service to the children of local residents, and develop the game and football in the area.

With the proposed plans in place I can imagine the impact of wellbeing and health in the area increasing, along with an increase in the quality and quantity of sports provision within the local area.

Having tried to provide a service to the football community in this area for the last 3 years, the facilities at Cheshunt Sports Village would dramatically increase the chances of local FA Coaching and refereeing courses being provided in the area, which in turn could increase employment opportunities for residents, and also engage younger adults and children in a sport I am very passionate about.

The development looks to provide great opportunity for the area and I would encourage such a development of the local football stadium to help regenerate the community.

If you require anything further from me please feel free to get in touch.

Kind regards,
Steve Maker

Dear Peter

I am sending you this email to support the application Cheshunt FC have made to upgrade their stadium facility.

I believe that Cheshunt as an area would benefit from this application in so many ways. It would set up a sporting hub which would be of great benefit to the local population as it offers sporting opportunities to individuals and schools, which helps keep young people off the streets, offers them opportunities to get involved with sport and also has health benefits. Added to this the club also want to have their facility to be used by other community sports groups, which means that the facility would not just be used by those in the local area who have an interest in football. At the moment the club also put on music event and dance clubs and the new facility would allow them to carry on offering this to local people.

The idea of having some housing space benefits the local area because it offers housing opportunities and the club, along with the council could work together to ensure that some of these new flats were offered at cheaper rates for key workers or for those on lower incomes.

The plans also include building office space for local businesses. This again has to be supported because it attracts businesses to the area and that in turn offers employment opportunities to the local population.

I think that the development plan put forward by Cheshunt FC will enhance the local area in many ways and hope that the Council also see the benefits. The local Council should support and approve this development plan.

Yours Sincerely

Scott Lanza

Subject: Cheshunt Sports Village - planning ref 07/16/1369/F

Dear Peter,

I have been made aware of the proposed development of the land at Cheshunt Football Club and was very interested to read of the Club's aspirations:

To deliver a vibrant leisure, community and business hub that will actively engage the local community and create jobs and inward investment. At the same time the scheme will provide the club with a financially viable and sustainable future, allowing the club to develop over time and in partnership with the community.

As a borough resident for over 30 years, this seems a fantastic vision and the proposal also has the benefit of providing extra housing and may pave the way for regeneration of Waltham Cross.

This coming weekend I will be visiting an exhibition for the significant housing development being proposed for Burton Lane, Goffs Oak, which would include a retirement village, another fantastic initiative for the growing ageing demographic.

Whilst in favour in principal of both these initiatives I am concerned at the additional traffic that these projects will bring to the already crowded roads around Theobalds Lane/Crossbrook Street and Burton Lane/Goffs Lane. I trust that the planning office will ensure that any projects passed are supported by adequate infrastructure to cater for the growing population.

Yours sincerely,
Claire Philipotts
45 Lulworth Avenue, Goffs Oak, Heris EN7 5LA

Dear Mr Quaille

I wish to register my support for the above application-- The development of Cheshunt Fc into Cheshunt Sporting Village . Incorporating a new 3G pitch , gym, shops and businesses plus residential housing

I have seen the plans and the wide range of facilities the application proposes to offer Cheshunt and think it will be of great benefit to the town and surrounding area

The Football club has already built a community spirit and has an ever increasing youth section providing training and matches on most night of the week. The supply of facilities at the club never meets the demand and the development of the 3G pitch including a gym will assist in the provision of improved and much needed sporting facilities

Cheshunt FC already has links with Stevenage FC academy and provides members with both football and education... Improved facilities will enable the club to develop the youth section further plus encourage persons of all ages to not only join a sporting community but also keep fit at the same time.

Being involved in the organisation and administration of 5 and 6 aside competitions for 10 years around Hertfordshire and Essex I have seen an ever increasing interest in this type of football amongst players of all ages from girls youth section up to adults including vets. The problem has always been a shortage of good quality pitches to play on

The development of 186 homes surrounding cheshunt sporting village will greatly assist with the housing shortage. The stadium with it's increased capacity will hopefully one day house a club playing national football. . Or even higher!

I cannot see any downsides to the development.. benefits to the community and local authority.. Employment opportunities and more housing and much needed improved sporting facilities for all ages

I strongly support the application

Yours sincerely

Nigel Griffiths

Hi Peter

I'm one of the coaches at Cheshunt FC.

We are very excited about the new plans for Cheshunt as a whole it is going to benefit the whole area and will put Cheshunt on the map for grass roots football as well as the other facilities for all.

I look forward to hearing you and your team approving this wonderful project.

Kind regards

Noel Rooney

Dear Mr Quaile

I am writing to you to offer my absolute support in the development of the Cheshunt Sports Village. I am familiar with the scheme in all its aspects and I believe that the scheme will benefit Cheshunt and the local community in so many positive ways, namely;

- provide a focal point through the provision of a brand new and modern sports facility that will help to encourage a greater awareness of and participation sport as a health benefit - especially when we are facing a major problem of obesity in our communities
- provide a boost for the Cheshunt Footcall Club and give them the opportunity gain greater recognition in the league
- create 186 badly needed new homes, set out in an attractive landscape that will enhance the local environment
- through its scheme, it will attract new business to the area which in turn will boost the local economy
- and importantly, the scheme is certain to create new jobs and opportunities for the local community

Most importantly, I know Dean Williamson personally and I know through the many discussions I have had with him with respect to this scheme, that it is more than a business model and that he is passionate in his belief about the benefits that this scheme will bring to the community.

Kind regards

John Holmes

Dear Mr. Quaile,

I hope this e-mail finds you well. I am contacting you in regards to the proposed regeneration of Cheshunt Sports Village.

As an individual who runs a small local enterprise I feel the proposed development will have a positive impact on sport, recreation, health and living standards in and around the local area. The redevelopment and the promotion of sport and recreation businesses in-line with the football club provides a great opportunity for sport and recreation businesses not just to survive but to thrive and grow with the success of the football club.

As a lecturer for sport at Hertford Regional College this creates opportunities for young people in the local area, not just to live but also to work and develop careers in sport, leisure and other associated professions. It will give great opportunities for growth in the local economy and provide a high performance environment for sport which currently does not exist in the local vicinity.

As a hub for sport and recreation it's location is excellent for people from the surrounding area and the redevelopment is sorely needed so that the local community can make the most of this fantastic resource that needs redevelopment so it can become an asset to the local community.

Kind Regards,

Ian Mellis

Dear Sir, I would like to lend my support to the Cheshunt Sports Village which I think would provide excellent sports facilities for children who need to learn the benefits that being involved with sports provides.

In 1959 Cheshunt hosted the Hertfordshire Counties Schools Six A Side Football Tournament, and I was in one of the teams when I was 15. In fact our school team, Francis Combe Secondary School, won the cup which was a great day for me.

Naturally I have never forgotten this and Cheshunt has always appeared to me to be associated with football. I think this project would be wonderful for the town .

Yours Faithfully
Lyndon Allen

Subject: Ref 07/16/13691F

Hi Peter,

I would just like to say that I am in full support of the planned developments for Cheshunt football club to expand. creating leisure facilities for families in our local area.

We currently hire the venue for 3 of our 25 Slimming World groups, having struggled to find venues in this area in the past, creating a safe environment for our members of all ages to get the help and support they need to live a healthier lifestyle.

My husband and myself also attend a monthly Soul night here, which is a great way to mix with people in the same age group as our selves.

We did also did attend Cero and Jive Eezy, which have had to stop running due to the closure of Wolsey Hall. So another facility is definitely needed for the 50 plus age group that do not want to sit in pubs or eat out all the time, as well as the other activities that will now have to find another venue.

An affordable place for families to attend together is also needed in our area with activities to keep our younger generation motivated.

Thank you for your time in reading this email

Kind regards

Amanda Hood

RE: Cheshunt Sports Village

20 February 2017

Dear Peter,

I am writing in support of the planning application submitted by Cheshunt Football Club for the development of Cheshunt Sports Village.

As a UK artificial grass manufacturer working with clubs across the country to create and develop all-weather playing surfaces, we strongly believe that the proposed development from Cheshunt Football Club will greatly support and enhance the provision for community sports in the local area.

We worked on a project with Cheshunt Football Club in 2015 and installed a new 3G pitch using our latest base layer technology which provides improved environmental and sustainability properties compared to traditional construction methods for an artificial grass pitch. The club were very keen to make use of this technology and we are therefore happy to add our letter of support to the ongoing aims of the club to provide facilities which deliver economic, social and environmental benefits to the area of development and its local stakeholders.

Yours faithfully,

Hi Peter, I'm emailing you showing my full support for the cheshunt sports village.

I can see so many benefits with what has been purposed, young kids will have the opportunities to be part of it. Instead of hanging round street corners they can go to the cheshunt sports village and learn new things. I never had any kind of facility like that available to me so to see this is fantastic and something they can be proud to be a part of it.

I believe there will also be good job opportunities and for new businesses to bring something towards the cheshunt sports village.

I'm sure it will attract not just people from around cheshunt but also different areas as they will be looking forward to using the facility.

Kind regards Jason Halford

To: Peter Quaile
Subject: Support for Cheshunt Sports Village

Dear Peter,

I would just like to send this brief letter to express my support for the recently submitted Cheshunt Sports Village application.

Having been around the existing facilities at Cheshunt for the past year or so, I have been so impressed with the positivity and community cohesion the Cheshunt Sports Group are bringing to the area. Having looked at the plans and seen the passion in the people behind the project, I can't help but conclude this project would deliver huge community benefit. This potential benefit is multi-faceted and clear to see. The development would bring such a positive environment for housing, health, jobs, facilities and education to prosper and I sincerely hope that planning permission is granted for the project to reach its full potential. Both myself and my family would be people who would benefit immensely should that be the case.

Kind regards,
Liam Hope

Hi Peter

I would like to voice my support for the proposed redevelopment of Chestnut Football Club Sports Village.

Developing the grass roots sports community in our area will be a fantastic boost to the facilities that can benefit generations, as well as the creation of some much-needed houses. It's an exciting proposition which could create a community-hub and focal point for the local population. With the anticipated population growth in Cheshunt and surrounding areas, this project has the potential to catalyse investment while laying the groundwork to meet future housing, leisure and infrastructure needs. Hopefully this will be a starting point for further investment in and around Waltham Cross and maybe even one day the club will be well-supported enough to sell-out the future stadium!

Therefore please register my support for the proposal.

Regards
Tom McGrath

Peter,

I have been working in Grassroots football for over 20 years, Coaching, Managing and now Scouting and I believe the proposed planning for Cheshunt Sports Village will greatly benefit not only youth football but also the local community who will be able to use the excellent facilities available.

I hope the Council will see the benefit in the application and grant permission as this is an exciting proposal.

Peter,

I thought I would take the time to write in support of the plan for Cheshunt Sports Village, I believe that this venture would be a massive benefit to the local community. I have lived locally for over 40 years & have been involved in sports at grassroots level for the majority of those years. The facilities locally, have been 'tired' for many years now & could do with some regeneration. I believe what Cheshunt are trying to do, would benefit local people on more than one stage. Housing I would imagine, is a priority locally as it is in most towns, shops would generate jobs, places for education are always a must & places for local people to exercise would benefit the health of local people.

On a more personal level, as a football referee at Ryman league level, I have always found the people at Cheshunt, most welcoming, but some of the grounds facilities could do with updating. Giving the club a new ground would give the local supporters something to be proud of as well as make the ground as welcoming as that of the staff.

I would whole heartedly support this application.

Best regards

Terry Barnes

Hi Peter
I am the chairman of Phoenix Sports Club who play in the Ryman North League, we are based in Bexleyheath. This is our 2nd season in the league and are also like Cheshunt an ambitious football club. Cheshunt's plans for ground development look fantastic and I am sure would not only be an asset to the football club but also the local community. Running a non-league club is a very enjoyable but expensive voluntary pastime, but not only does it benefit the senior adult players, but also at junior, grassroots level. Clubs like Cheshunt are looking to improve and progress and by building their new stadium this would help them achieve this. All at Phoenix Sports fully back Cheshunt's plans and hope the local council sees these as a positive move for the community.
Regards
Andrew Mortlock

Peter

I write to you, to give support from Tilbury Football Club and myself personally to the Cheshunt Football Club with the proposed redevelopment of the club (Cheshunt Sports Village).

Following a discussion with Dean Williamson (Chairman), he has shown this proposal is to deliver a vibrant leisure, community and business hub that will actively engage the local community and create jobs and inward investment.

In all my visits with my club or independently, it has proved this area is active, vibrant and a well used facility and has helped the club move forward.

Please accept this as our full support.

Thank You

Anthony Mercer
Club Secretary
Tilbury Football Club

Dear Peter Quaile

I am writing to you to show my support for the planning application that have been sent to you recently by Cheshunt Football Club.

Having been a first team player for the past three seasons, I have seen first hand how this local club has established itself within it's vibrant community. The club supports many different people from various walks of life and really feels like the centre point of Cheshunt. As a former member of the Armed Services, my transition to civilian life was made a lot easier by the support and structure of Cheshunt Football Club and its local members and supporters.

As a husband and father I love that Cheshunt Football Club is a great place to bring my family for a variety of events. From the owner, to the chairman right the way down to the club groundsman and stewarding staff, Cheshunt is a family friendly place where everyone is welcome and I am excited to see the changes that are planned for the future.

The prospect of change for a lot of people can be daunting but having seen how far Cheshunt FC has progressed in the past few years not only on but more so off the pitch, I cannot wait to see the exciting new developments for this local community.

Kind Regards

Luke Illsley

Sent: 16 February 2017 14:48
To: Peter Quaile
Subject: Support for Cheshunt Sports Village - 07/16/1369/F

Dear Sirs,

I write with reference to the application submitted by Cheshunt FC in relation to the redevelopment of the area currently occupied by Cheshunt FC in Theobalds Lane Cheshunt Herts.

I write as Chairman of another non league football club who participate at the same level as Cheshunt FC namely Haringey Borough FC based in White Hart Lane Tottenham London N17.

I have been Chairman of Haringey Borough since 2004 and involved in the Club since 1995.

I know only too well how difficult it is to sustain the provision of football at non league level and the need to raise an income stream by virtue of the provision of suitable facilities to ensure that the facilities are open to the public in general, and the youth of the area in particular.

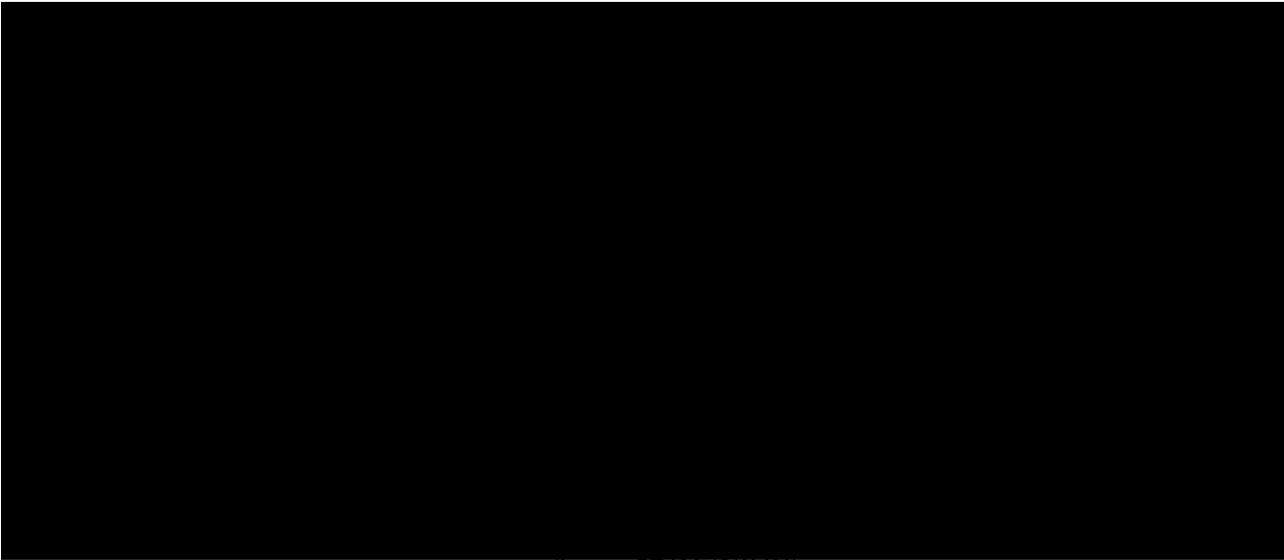

As a nearby resident I additionally have knowledge of the dearth of such facilities in the area of the Club and we as a Club support the application for the reasons outlined in the application and indeed many more such as the creation of employment opportunity to the area.

I have witnessed with my own Club the long term benefit that grass roots football can bring to so many young people in the community and indeed it is well known that Cheshunt FC themselves have a youth set up second to none and there is absolutely no doubt that the demand is there to utilise the new facilities proposed.

The proposal and the application submitted will be of invaluable benefit and is wholeheartedly supported.

Yours faithfully,

Aki Achillea
Chairman Haringey Borough FC

Subject: Support for Cheshunt Sports Village - 07/16/1369/F

Dear Mr. Quaile,

I do hope the submitted planning permission is looked on favourably as I feel it would significantly benefit the whole community, not only bringing a new state of the art stadium that any Football League Club would be proud of, but employment, housing, and business opportunities. With the interest to date it looks very exciting. When you see the amount of young people using the facilities, whether the Cheshunt teams or Soccer Schools it is a very popular venue with people putting in many volunteer hours. With the changes I am sure it would draw a big interest from the older citizens as well. As a recently retired senior Youth Worker for The Borough Of Broxbourne Youth Service I found great support from the club whenever I wanted to take young people to watch a game. Always very hospitable, and from that a number of them joined the teams there. With the Chairman Dean Williamson we managed to secure a link up with Stevenage Borough Football Club who I was already working with, the emphasis not only being sport related but focusing on Education which they see as an integral part of the scheme. Hoping you look on this new development as enhancing this exciting "New Cheshunt" and beyond.

Kind Regards,

Vic Nickolds

Sir,

May I take this opportunity to formally back this very impressive scheme.

The combination of much need housing to work alongside sport seems to be the perfect scenario. There is a huge shortage of housing and the ever increasing problem of obesity could be, in a small way helped by this.

The fact that so many other potential community partners are looking to be involved speaks volumes for the project. Communities seem to be dwindling and can only hope this will bring different nationalities and religions together harmoniously and benefit us all.

I look forward to visiting the complex when it is completed.

Kind Regards

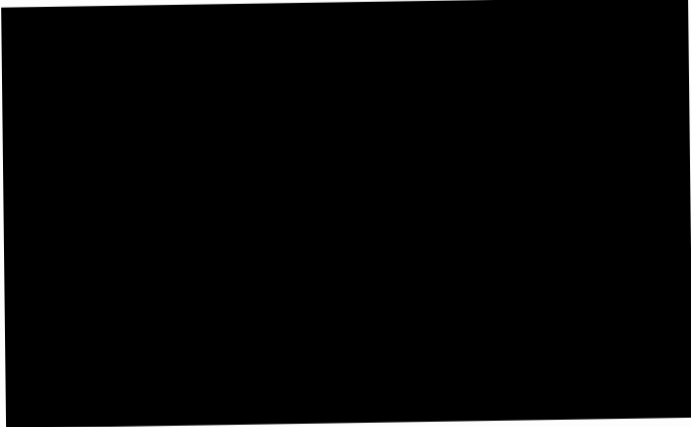

Shane

Dear Mr Quale,

Planning Application – Cheshunt Sports Village 07/16/1369/F

I am writing to you in support of the above planning application for the following reasons.

1. The proposed Cheshunt Sports Village development should be fully embraced, as it will provide a fantastic community area, not just aesthetically pleasing but also providing fantastic sporting facilities available to all ages and abilities.
2. With the Government's current drive to increase health awareness and save the NHS millions, a facility encouraging more people to get involved in healthy activities and adopt a more healthy active lifestyle should be promoted.
3. Cheshunt Sports Village will also provide meeting facilities with easy access to the M25 and A10 and this would be extremely beneficial to local businesses.
4. The development will create employment and educational opportunities within the local community and in the current economic climate this should be encouraged.

To conclude, it is impossible to find a reason not to support the application, as it will enhance and benefit the local area by providing new, accessible and first class facilities for the whole community.

Kind regards,

Philip Wheeler

24th February 2017

**For the attention of Mr Peter Quaile
Planning Officer**

(By Email)

Dear Mr Quaile,

I hereby write to show my support for the proposed Cheshunt Sports Village.

I would just like to start by declaring that my only interest in this matter is as a partner Football Club supporting and promoting Cheshunt FC in the local community by way of an Football and Education Programme which is a two year scholarship for boys aged between 16-19.

The course allows youngsters a route to university whilst also gaining qualifications to work in the sports industry. Participants train for up to eight hours a week with UEFA 'B' qualified Stevenage FC Academy coaches and 17 hours teaching up until now representing Cheshunt FC in the British Colleges League.

The plans and ambition shown by Cheshunt FC are hugely impressive and I would suggest the Sports Village would enrich the area whilst providing much needed housing, and creating jobs locally not just during the development but for many years to come

I am of the opinion that Cheshunt FC is a tremendously run club working hard to achieve their goals within an extremely competitive market place.

Yours Sincerely

**Mr. Phil Wallace
Chairman, Stevenage FC**

Hi Peter,

I am currently a player at Cheshunt FC and am writing to you to express my support of the proposed development plans for the Cheshunt Sports Village.

Cheshunt is a club that I have been playing at for a couple of seasons now and is by far the most professional, well run and organised club I have been a part of. That stems from the ownership right down to the staff who maintain the facilities day in day out.

I feel as though the sports village is something that would hugely benefit the club and is something which they deserve due to the huge amount of hard work that has gone into the club thus far. It would not only benefit the football side of the town of course, but also the community in general, providing employment opportunities and a place that can bring the whole community and local area together.

Cheshunt needs something like this to bring the town alive, the local area has so much potential and I feel as though this could spark something really special for not only this generation, but the future generations that will follow. Not just through giving the youth of the area a place to aspire to get to in footballing terms, but also providing housing for those who need it in an ever-growing part of the country.

I hope these plans are approved for the good of the wider community,

Come on you Ambers!

King Regards,

Joe Kizzi

To: Peter Quaile
Subject: Cheshunt Sports Village Proposal

Dear Peter,

I'm writing to express my support in the proposed redevelopment of Cheshunt Sports Village and the plans to provide a new sports and community facility.

I grew up in a small village where community was at the heart of everything we did and everyone that lived there. We had football, rugby, cricket and tennis leagues available to us in the village aiding the community spirit, keeping us fit and encouraging team sports and healthy competition growing up. It was a wonderful place to live and I've made lifelong friends as a result.

The plans for Cheshunt will provide the same opportunities to a huge number of people, families and businesses having a positive impact on the local economy, community and fitness levels.

I hope the scheme is approved and I'm looking forward to seeing the end result.

Kind regards,

Jo Prior

Dear Peter

May I introduce myself I am the owner and Chairman of Thamesmead Town Football Club that play in the Ryman North League as do Cheshunt Football Club. I was made aware of the above project when Dean visited our purpose made stadium a couple of weeks ago to play a league match, and after listening to him describe the ups and downs of such a project it reminds me so much what I was going through when I was the owner of Maidstone United Football Club since the demise of the League Football Club in 1992 until I decided I had taken the Club as far as I could at the beginning of 2010 and allowed my younger colleagues to take the project forward..

Around 2008 I decided that rather than be a Football Club that was always known as the Homeless Club as it lost its ground in 1992 and could only survive by ground sharing with other Clubs, so after many calls and meetings the local Maidstone Council agreed that if I managed to purchase an area of ground in the centre of the Town it would look favourably to issuing planning permission to build a 4500 capacity ground for the Club to return home. So I started the process of discussions with the Landlords who were the Ministry of Defence discussions took over 18 months but in the end I managed to agree a freehold price to purchase the ground, as I was on my own financing the Club I had to find a partner that would assist with the land purchase value of £500,000.00 to this end the Council very kindly lent me 50% repayable in 10 years and I personally found the remainder so I purchased the ground this was the first step on a long journey.

Now we had to work with the Council in detail to ensure that they fully understood what was required so that when we submitted a planning application it would be acceptable to the planning committee, this took another 18 months of discussion and then we submitted a planning application that was accepted unanimously for the following reasons.

We were not trying to build a concrete jungle, we adhered to all the required standards submitted by the officers of the Council, but the basis of my planning thinking was the following

Was there a need for the building of the Stadium

Yes as it would be an asset to the Town and the Council. At this time there were no other centres of sport for the Community to use especially for the age groups 5-12, as all the 3g pitches were built at Technical schools and not available for this age bracket to use at an acceptable price range. At the same time we agreed that the Stadium would not just be used for Football but become a Community Sporting Hub for all to participate, assessable for all local Schools, clubs, community groups, and local businesses. We also agreed a programme of sport with the local Police that would assist them to keep youths off the streets

them to keep youths off the streets we had a great response from the Council for this scenario.

Since the old league Club left the Town at its demise in 1992 a small band of supporters around 350 followed the Club on its rise up the pyramid, but we all knew that when we came home the gates would increase at the last Home match the gate was stated as 2850 so our estimates and beliefs were correct. Also who in business want to support a Football Team if they have no Home and we knew that once we returned Home local businesses would want to get involve I am advised that since they moved Home in 2014 76 local businesses have got involved with invoices sales of over £1,000,00.00 has been raised in the last 3 years.45 of these businesses used facilities out of the town but when they got involved with the new facility they moved their requirements to the Town resulting in benefits to other business already situated within the Town so it was a win win situation for all.

The use by the Club alone

All the players and parents of the 28 Youth teams that the Club had, as well as offering a facility for the Community to use.

Summary

Although I left the Club in 2010 my fellow shareholders have now built a purpose made stadium with a 3 g surface on the ground I purchased, and it is used 24/7, due to the careful

Planning conditions to date I am advised there have been no transport problems or and anti-social problems so a purpose made stadium has been built giving the area a New Sports and

Community Sports Hub, to address the reduced budgets cuts that the Council have had to make within the Community budgets, and the ground is ready to meet any increase in the

population within the next 10 years. Since moving into the stadium they have been promoted twice

and are now 4 level below league

and are now 1 level below league football which will bring more good press to the area. Many new Revenue streams have been made that will support the quality and range of opportunities within the football locally in the Maidstone area. Therefore in my opinion the Club and the Council have worked hand in hand to ensure that the project supported the aims of both parties, and although the Football Club is a business and has to be run that way, it has become very clear due to the partnership the Club has with its Council they are working together for the future of their Community and by doing so private business is supporting the Council when being hit by budgetary cuts working in a true partnership. And finally as and when the Football Club becomes successful everyone will benefit from their success more business generated Together with new job opportunities to the area.

After reading the rationale for the Proposed Cheshunt Sports Village I see so many similarities to what I went through with Maidstone's own planning process, therefore I would ask that your Council give full support to the proposed project which has an added benefit to ours they have more space allowing them to include a range of Family Homes, as well as business facilities which will make it definitely a jewel in the crown for both the Club and the Council should the Council fully support this project. And all should remember it is not just a Football Club that will hold football matches for the Clubs teams on a new 3g surface, it is planned to be a vibrant Sports Village for all to benefit from within the Community, both for business and pleasure.

Therefore please ensure that you and your Council colleagues fully support this project, that will allow all of the hard professional work carried out to date by all concerned to be recognised, and then when the plans are hopefully passed the real hard work starts to produce this jewel in the crown, from just a load of words and pictures to an actual vibrant breathing project for ALL the Community to use the facilities and be very proud of.

Kind regards
Paul Bowden-Brown

Subject: Re: Project. 07/16/1369/F This for Cheshunt FC!

Dear Sir (Peter) It is with the utmost respect I ask that you give this ambitious, exciting, endeavour your good judgement and hopeful acceptance. For me to be asked by the young sir, Mr, Dean Williamson, Cheshunt FC, to write to you Mr, Peter Quaile, planning officer at Broxbourne Council, really is an honour, privilege and may I say, a pleasure. Sir, Mr, Quaile, Peter, this is a great venture, a venture giving boundless pleasure and enjoyment to not only the local community, but the travelling visitors that will also revel in its existence. There is no need for me to even attempt to 'sell it' to you. The plans and knowledge of the very young man (Dean Williamson) is more than sufficient authenticity to this project. We of Cheshunt FC, have already seen and are enjoying the change this young man, and indeed his family have brought to the club. It has been an immense success and of course we accept that Mr, Williamson (Dean) had to make the correct approach and procedure avenues, that done, we now accept and dare I say, take for granted the amazing facilities and advantages of the development. This I assume being the case in the future, should the plans and go ahead be granted. Please be assured Mr, Quaile, (Peter) my constant mention to the completed Cheshunt Sports Village, will cause the young 'n' old never to forget what it took to be here as an integral, exciting and fun filled part of Cheshunt! The Cheshunt Sports Village. Peter, please and with respect, 'Give It The Nod' Thank you! Wishing you good health and continued success. Mr, John Adams.

To
MR. PETER QUAIN
PLANNING OFFICER
BOARDMAN'S COUNCIL
BISHOPS COLLEGE
MURCHING AVE CHESHAM, Bucks.

Dear Sir

This letter to you ranks amongst the most proud and
privileged letters I have ever been asked to write.
I have the hope that its impact will indeed cause
you Mr. Peter Quain to read, study, analyse and
consider the exciting venture that Chesham FC
will be pursuing. Ref: 07/16/1369/F.

As a new resident to this region crossing
the county line from Essex. Withon Abbey to
Verfodshire Howlands. I am already enjoying
the amenities and ambitions to readily see and
felt by the region. There can be no good and
independent mention in this letter. I don't stop
talking of my good move to the area with all it
has to offer, and hopefully more. Yes, Peter, the
project will be good based on fact.
Wishing you good health and continued success.

Yours sincerely
John Adams

MR. FOR THE RECORD

MR JOHN ADAMS

Re Cheshunt Football Club Development Plan

I have just become aware of the planning application made by Cheshunt Football Club for their proposed Cheshunt Sports Village and would like to confirm my wholehearted support for what I consider to be one of the most comprehensive and exciting sports / community proposals I have seen for many years. The scheme is imaginative and must meet numerous local objectives, particularly with regard to providing facilities not just for football but for a whole range of other activities that local community organisations can make use of.

From my own experience in running a football club in Suffolk that installed a 3g pitch to go with a new club house and community facilities I can confirm the installation of a 3G pitch will allow Cheshunt FC to make a considerable impact on the local community in providing an all the year round, irrespective of weather, surface that can be utilised by the local clubs and five, six and nine-a-side leagues. The facility will also allow Cheshunt FC, should they chose to do so, to launch their own education based football academy, encourage local schools to participate in regular inter school football, encourage older or less athletic men and women to take up the fast- growing sport of walking football and provide a surface that all sorts of other sporting activities can take advantage of.

The community hub, apart from providing an excellent facility for Cheshunt FC, will also be available for the local community and will be able host entertainment events, weddings and parties and could be a venue for social clubs and interest groups to promote indoor community activities such as martial arts, pilates, keep fit, yoga and even quieter past times such as bridge, indoor bowls and quiz nights.

In addition, the club is proposing to build 186 residential homes which must help with the local housing need, particularly on a site of un attractive land. They are also proposing to provide premises for businesses which will also help to boost local employment.

I therefore believe that this proposal provides a win, win situation for the football club, the local community and you as a local authority. I therefore give the application my unreserved support.

Yours sincerely

Philip Turner
Chairman – AFC Sudbury FC

Dear Mr Quaile,

I write to confirm my support for the redevelopment of Cheshunt football club.

I believe the proposal will be positive for the whole community in general and the facilities will be an asset to the borough.

Kind regards

Subject: Support for Cheshunt Sports Village

Mr Quaille,

I am writing to offer my support for the proposed Cheshunt Sports Village for the following reasons.

Firstly, having grown up in Cheshunt and a keen football fan I think it's about time we had a club with facilities and an arena the whole town can be proud of.

Secondly, as a massive sports enthusiast I believe that nationwide our country has a huge shortage of public sports facilities, the club is in an excellent location to accommodate all of Cheshunt's residents from either side of the A10.

Thirdly, as a local businessman we regularly require conference facilities to meet with prospective clients however at present these are hosted in places such as the Cheshunt Marriott hotel, a multinational business. I'd sooner spend my money on local facilities, owned by local businessman.

Lastly, as the owner of a recruitment company we are regularly told by our London based workers that they would welcome the opportunity to move outside of the m25 however due to the lack of properties available this isn't possible.

Please feel free to contact me should you wish to validate my email.

Regards

Dear Peter,

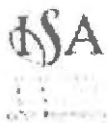

I write in regard to the planning application for Cheshunt Sporting Village.

I would like to give my whole support for this scheme: the community, leisure and sporting benefits this type of much-needed facility will bring to the area is invaluable. The football club site is an obvious location for the development with a community ethos for the neighbouring and wider residents built around the central football club facility. The opportunities for health and wellbeing to all ages of the community will be realised within the close vicinity of the residents with an array of good quality services and community arts and leisure programmes provided on the doorstep.

With Regards
Jason Douglass

Subject: Support for Cheshunt Sports Village - 07/16/1369/F

Peter

I currently work a Cheshunt football club, involved with the first team as the goalkeeping coach.

The proposed application for the development of the site at Cheshunt is outstanding, delivering improved facilities not only to grass root football, but for the local youth teams would be amazing. Plus helping the local Borough with additional housing whilst attracting new business to the area would be fantastic.

I am a huge supporter of this whole scheme and truly see great value to the area

Kind regards

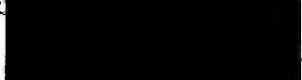

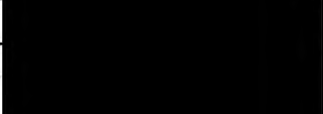

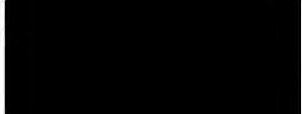

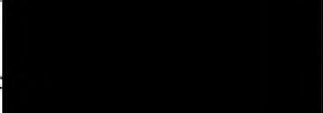

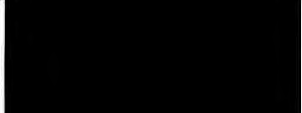

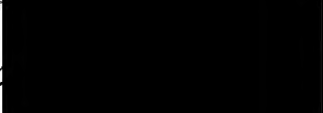

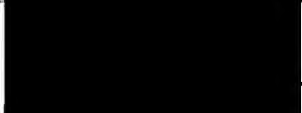

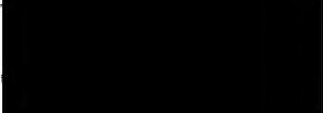

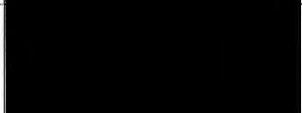

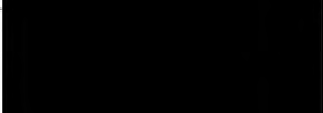

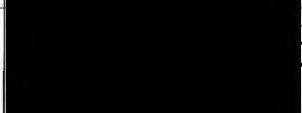

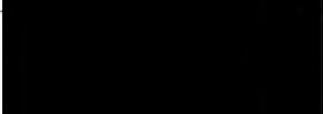

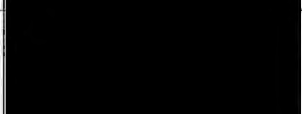

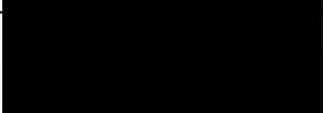

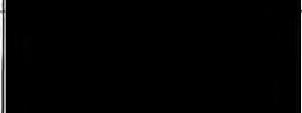

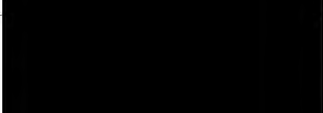

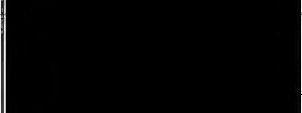

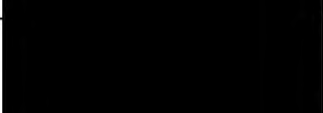

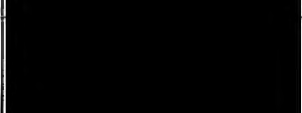

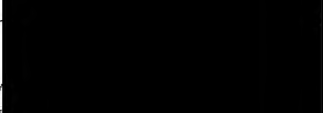

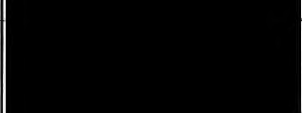

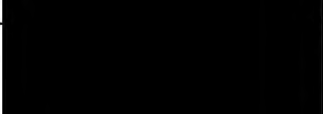

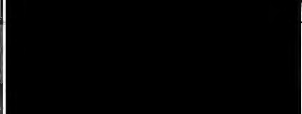

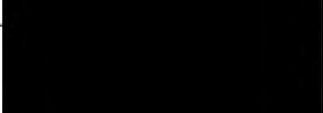

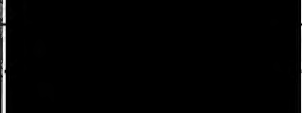

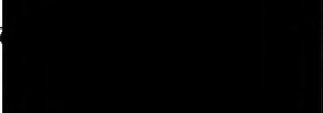

Peter Russell
