6 Jones Road

Goffs Oak

I have looked at, and have tried to get to grips, with the reckless housing development around Goffs Oak. We as residents are extremely concerned with regard to the numbers of 'new builds' that are being proposed and implemented by the Broxbourne Council. The infrastructure around the village of Goffs Oak is totally inadequate for an additional 1,500 new houses. The population of Goffs Oak will double, this will dramatically increase the volume of traffic along the B156 and Newgatestreet Road. Goffs Oak will be buried in bricks and concrete. Unfortunately, expressing our comments and concerns to the Council is a COMPLETE waste of time. Nobody listens. I have written many letters and have delivered a public address with regard to the lack of infrastructure, on behalf of the residents of Goffs Oak. The DISMISSIVE response that I received (by email with regard to another 59 house development alongside Whitehaven Close / Burton Lane) from Douglas Cooper on 27/07/2021 sums up the lack of interest that the Planning Department has. Do you really think that the solution to the traffic congestion which will inevitably be created, is for of us to use bicycles? Quite honestly the massive development of new houses in such a 'tight' rural area is an extremely worrying concept. I say again, no one in the Council takes any notice whatsoever. **I OBJECT TO THIS APPLICATION.**
