Comments

As a resident of Goffs Oak, this proposed development exceeds the Village nature of the area and adds further danger to the roads and has an adverse affect on pollution, noise and infrastructure. Schools and doctors surgeries will become over crowded. The proposed developement will have a conciderable impact on the areas wildlife and is inappropriate use of the green belt. With so much housing already being built, this development is over capacity of the area. I strongly oppose this development. Object to proposal
