Dear Sir,

My name is Mr. Halley of 32 Millcrest Road, EN75NU regarding the proposed development of the Fairmead site. It seems only a few short weeks that the original proposal was refused. The same reasons for my objections still apply, access traffic doctors etc etc. The way I see it, the residents of Goffs Oak have to win every proposal against the development. The developers only have to win once before they blight the lives with over development of our village.  
Mr. A Halley
