I am actually astounded that yet another proposal for yet another development in Goffs Oak is going ahead, the entire fabric of the village I moved into 30 years has been decimated. We have had all of Hammond Street, St James and now numerous developments on Goffs Lane and another huge development on Burton Lane, when is enough enough, the local infrastructure can not cope with all these new developments. The traffic has become a joke locally, I am literally having to allow an extra 20 minutes just to get out of the village and coming home in the evening has become a challenge. This really is a joke and I can assure you the local residents will vote in a new council that actually listens to the residents it is supposed to serve, I am disgusted by this proposal and strongly object.
