**Margarita
Minster
23 Millcrest Road
Goffs Oak**

As a long term resident of this road ,absolute shock and horror to learn from local people of this application.Disgusted that this was not brought to all our attention and only advised to a few residents, as if it would not impact all of the families .The constant building in Goffs Oak has got to stop, the impact on the environment, lack of infrastructure, pollution increase, affect on wildlife are not trivialities, they are of enormous concern.Long term families in this road unable to get their children into the local secondary school, being 92nd on waiting list is beyond belief,with all the new builds, the new residents will now leapfrog existing families for places.

When I first moved here over twenty years ago Goffs Oak was classed as a semi-rural village, that is no longer the case and with the constant building on green land that can never be replaced, it is becoming a concrete jungle.I object in the strongest terms possible to this application,the affect on the quality of life to existing residents and wildlife outweigh the need for yet more new builds.It honestly seems as if the quota for new builds in Hertfordshire is being solely concentrated in one small area ,enough is enough.
