5 Robinson Avenue

Goffs oak

Waltham cross EN75NX

I strongly object to the building of more houses to be built in the Goffs oak area ,as we have already got a extensive amount of building currently being proposed and accepted already. The infrastructure can not cope already as increased traffic, pollution and noise of traffic is already a blight on our peaceful village-nightmare to see a doctor already let alone more houses.

Speeding drivers that use Robinson Avenue as a cut through.

The building of more houses on Fairmead site would take away woodland which would be disastrous to the wildlife living their.

I have already had to put up with 2 years of reverse beepers & noise working all day long in my back garden from the building of houses on the site already being built further down the road at the old site of G.C.Edwards on Cuffley hill.

Lets keep it a peaceful village as its been since I moved in 1998
