

Hello Broxboure Planning

Red kite

Today 15th Sept 2021 I left a phone message with Peter Quaile to say that pretty much every day I see a kite bird(s) flyng at low level over my house towards the tree area behind me. There is one tree within say 300 mteres of me where he/she/they often hang out. It flies so low that me and my dog often here it whistling.

I say kite birds because it may be there is a family living/nesting in the area.

I would appreciate if you could look into this and let men know the outcome. I will be contacting the local environmental agency to inform them.

thanks
