3 Robinson Avenue

Goffs Oak

I submitted a objection letter on the 13th September 2021 this does not appear on your portal. I will re submit my objections. On the 21st April 2019 I submitted my objections to this application your reference 4606943. I have seen the revised application and my original objections still stand. My objections are..

1) The new build properties are to close to the residents of Robinson Avenue back gardens.

2) Traffic congestion on Cuffley Hill and Goffs Lane will increase and with all the other new properties being built the road will become gridlocked at peak times.

3) Lack of any infrastructure to cope with the increase in population will seriously impact on schools and the Doctors surgery where it is very difficult to get an appointment now.

I have read other submissions objecting to this application and I fully agree with the general theme.
