Jake Reece	Introduction to the night
Dave Griffiths	Raffle
Adesola.J + Ethan. Y	Door Sign -in
Dave Griffiths	Audio technical help

3. Focus Group Action Plan

Looking at the feedback we can make some active changes-

- What do you like about the sessions?
 - Looks good on CV's – We will be getting a careers advisor in to see the group.
 - Enjoy debates as they are about current topics – prepare the debate topics beforehand so people can come with research points
 - Learn skills that will use in the future – Make a point of explaining what skills the YP are learning during activities.
- What would we change about the session?
 - The session is too structured- sometimes it feels like school – Once a month have a more social meeting with less focus on project delivery. skills focused.
 - Make the session longer – this would not work for the majority of the group
 - Change up the content- 1st half of the meeting get the agenda done and then the second half be more debate and
 - Bring in different agencies – deliver training like CV writing -
 - Trips/ group bonding – Look into the parliament trip with Sky

4. Debate

5. AOB

First draft of the poster for community question time.

Feedback –

- I think Broxbourne Borough or Borough of Broxbourne would be more accurate language. Young people sometimes assume this means Broxbourne Town.
- If we could put the full delivery time 6.30pm – 8.30pm, this would good.
- It would be really good if there was also another poster too which will have more info about the event and who is going to be there etc,
